## Unparalleled excellence in medical education -- ACLES

ACLES programs are medical educational experiences like no other! You'll find no other courses in foot and ankle surgery that compare with the high-level collegial experience ACLES meetings provide. You'll train and consult with the nation's leading educators and practitioners of lower extremity medicine and surgery in a relaxed, intimate environment that promotes engagement between presenters and attendees.

This program features regular opportunity for one-on-one learning in structured lecture sessions, discussions, and workshops. Course content addresses every aspect of lower extremity surgery, from diagnosis to post-operative care.

The wide-ranging content enables experienced professionals to stay current with trends and developments in the field, and allows most physicians to acquire their annual requisite CME credits.

3:00 – 4:00 PM	<b>DAVID NOVICKI, DPM</b> I. Post-op Cold Therapy II. New Concepts Involving Heel Pain Treatment
4:00 – 4:45 PM	<b>G. DOCK DOCKERY, DPM</b> Dermatitis & Topical Medications
4:45 – 5:00 PM	BREAK
5:00 – 6:00 PM	<b>G. DOCK DOCKERY, DPM</b> Rotational Concerns & Metatarsus Adductus
6:00 – 7:00 PM	<b>TEJAS PANDYA, DPM</b> Surgical complications
7:00 – 8:00 PM	RESIDENCY PRESENTATIONS
Lower Extremity Involvement in the Hospital Patient with Newly Diagnosed Lyme Disease <b>McCamie Patterson, DPM, PGY-3, Southwestern Vermont Healthcare, Burlington, VT</b>	
Liposomal Bupivacaine vs. Bupivacaine HCL at Post Op Day One <b>Jeff Pantano, DPM, PGY-Y3, Southwestern Vermont Healthcare, Burlington, VT</b>	
Nonunions Complications and Treatments (Case presentation) <b>Sergio Salazar, DPM, PGY-3, HealthAlliance Westchester Medical PMSR/RRA program, Kingston, NY</b>	
Allograft Implants for PIPJ Arthrodesis <b>Ashley Arzadon, DPM, PGY-3, HealthAlliance Westchester Medical PMSR/RRA program, Kingston, NY</b>	

SATURDAY, SEPTEMBER 8

8:00 – 9:00 AM	<b>ALAN BULBIN, MD</b> Osteomyelitis Update Infectious Disease
9:00 – 10:00 AM	<b>JAMES DEJESUS, DPM</b> I. Current surgical management of 1st Ray pathology  II. Current Concepts on the Management of digital deformities
10:00 – 10:15 AM	<b>BREAK</b>
10:15 – 11:30 AM	<b>MATTHEW STRYKER, Pharm.D., BCACP, CLS</b> Reducing the Residual Risk with HbA1c(v)-Lowering Medications
11:30 AM – 12:00 PM	<b>RICHARD BENJAMIN, DPM</b> Fat Pad Augmentation
<b>LUNCH</b>	
1:00 – 2:00 PM	<b>JAMES WANG, DPM</b> Use of Minirail External Fixation in the Treatment of Lower Extremity Deformity Correction and Traumaranspositional & Reciprocal Plastic Flaps  <b>SCOTT ROMAN, DPM</b> Intramedullary Fixation in Hammertoe Corrective Surgery
2:00 – 3:00 PM	<b>SCOTT PICKETT, DPM, FAPWHc</b> Current Trends in the Treatment of Diabetic Foot Ulcers
3:00 – 4:00 PM	<b>STEVE MARIASH, DPM</b> Challenging HAV Cases Tailor Bunion Deformity
4:00 – 4:15 PM	<b>BREAK</b>
4:15 – 5:00 PM	<b>G. DOCK DOCKERY, DPM</b> I: Treatment of Scars II: Stump Neuroma
5:00 – 6:00 PM	<b>BRYAN MARKINSON, DPM</b> Dermoscopy of the Foot

**RICHARD BENJAMIN, DPM, FACLES,  
DABLES**

is a past president and a former executive director of the American Association of Podiatric Physicians and Surgeons. He currently practices in The Villages, Florida. He also is a consultant and an Attending Podiatric Surgeon at the Ladistan Clinic, Kiev, Ukraine.

**ALAN BULBIN, MD**

currently serves as the Director of Infectious Diseases and Antimicrobial Stewardship at St Francis Hospital in Roslyn, NY. After completing his fellowship at NYU, he has been a partner for the past 25 years at North Shore Infectious Diseases Consultants, a private practice in East Hills. His broad interests include stewardship, management of sepsis, complicated bacterial infections, and HIV. Most recently, Dr Bulbin published on the treatment of multidrug resistant Klebsiella (KPC). He enjoys leadership roles in hospital administration, lecturing, and primarily, direct patient care.

**MATTHEW STRYKWR, PHARM.D.,  
BCACP, CLS**

is currently Assistant Professor, Department of Pharmacy Practice Albany College of Pharmacy and Health Sciences Albany, New York

**DAVID NOVICKI, DPM, FAPWH**

is an assistant professor of surgery, Yale University School of Medicine, Department of Orthopedics and Rehabilitation. Current chairman of the Board of Trustees, Temple University School of Podiatric Medicine. Past president of the American College of Foot and Ankle Surgeons. Past president of the American Board of Foot and Ankle Surgeons.

**BRYAN C. MARKINSON, DPM**

is the Chief of Podiatric Medicine and Surgery and Associate Professor in the Leni and Peter W. May Dept. of Orthopedic Surgery of the Icahn School of Medicine at Mount Sinai in New York City. He is certified by the American Board of Podiatric Medicine. Dr. Markinson founded the Podiatric Pathology service at the Mount Sinai School of Medicine. Currently, he is an instructor in the Department of Dermatologic Surgery and Team Member of the Skin Cancer and Melanoma Unit of the Tisch Cancer Center. In 2004, he was elected to the Board of Trustees of the Council for Nail Disorders, a position he still holds. His areas of special interest are skin and nail fungal infections, pedal melanoma, soft tissue masses, pedal dermatitis, longitudinal melanonychia, and podiatric dermatological risk management.

**STEVEN KRAVITZ, DPM, FAPWHc,  
FACFAS**

is an Assistant Professor, Temple University School of Podiatric Medicine; Executive Director, Academy of Physicians in Wound Healing

### **JAMES DEJESUS, DPM**

is Board certified by the American Board of Podiatric Surgery. He is currently the Chief of Podiatric Surgery at St Mary's Hospital in Waterbury, Connecticut. He is also the site director at Naugatuck Valley Surgical Center for the Yale Podiatric Surgical Residency program. He is on the executive board for Naugatuck Valley Surgical Center in Waterbury and also co-manager for the surgical center. Dr. DeJesus is vice-president of the Connecticut Podiatric Medical Association. He is a member of the American College of Foot and Ankle Surgeons and the American Society of Podiatric Surgeons. He is an active consultant for Arthrex Corporation and is on the medical education faculty of Arthrex Distal Extremity Division.

**ALLEN MARK JACOBS, DPM, FAPWHc** is in private practice in St. Louis, Missouri and is an adjunct associate professor at St. Louis University School of Medicine. He is board certified in reconstructive surgery of the foot and ankle by the American Board of Podiatric Surgery, and is a Fellow of the American College of Foot and Ankle Surgeons. For 25 years, Dr. Jacobs served as a Director of Podiatric Surgical Residency Training, and has also served as a contributing editor to the Journal of Foot Surgery, and as the Scientific Chairman of the American Podiatric Medical Association. He has published over 80 scientific articles in various publications and 17 chapter contributions in various textbooks. He is a nationally recognized author, researcher and a noted authority of surgery of the foot.

### **WILLIAM J. SARCHINO, DPM, FAPWHc, FACES, DABLES**

President of the American College of the Lower Extremity Surgeons. Residency director, Southwestern Vermont Medical Center.

### **SCOTT R. ROMAN, DPM, FACFAS**

is a Diplomate of the American Board of Podiatric Surgery. He joined Ankle & Foot Centers of Georgia in 2006. Dr. Roman continues his commitment to the ongoing education and advancement of foot and ankle surgery with his active involvement in the local residency training program. He also lectures across the country as a faculty member and past chairman of The Podiatry Institute, a non-profit education foundation recognized internationally for its leading role in the advancement of podiatric medicine and surgery. He has made his personal contribution to surgical advancements in podiatric medicine through medical research and design, currently holding six patents in fixation and implantation devices.

### **JAMES WANG, DPM**

is a board certified podiatrist who specializes in deformities and injuries of the foot, ankle and lower leg. He is highly regarded for his pioneering surgical techniques in sports medicine using minimal incisions that may be associated with a quicker, less painful recovery which allows patients to walk immediately. Dr. Wang has published peer-reviewed papers in podiatric and orthopedic journals that demonstrate how painful deformities can be corrected with minimal incisions which facilitates immediate walking and facilitates rapid healing. Dr. Wang has also lectured nationally and internationally on the treatment of deformities of the foot and ankle.
