*Grapes for Christmas* is an uplifting story that takes place in the context of an ominous illness. The story focuses on a recently retired nurse and single mother who is diagnosed with ALS later in life when she should be enjoying her retirement. *Grapes for Christmas* shares the happiest times in Margaret's life, especially those that involved raising her children by herself and spending time with her extended family and close friends. This story is a bittersweet reminder of how valued family is and how the power of kindness and faith can guide and support us through the most difficult times in our lives.

Kim MacInnis is Professor and Chairperson of Sociology at Bridgewater State University in Bridgewater, Massachusetts.

Can you trace your lineage from one of the *Mayflower* Pilgrims?

Monday, Sept. 23rd at 6:30 pm

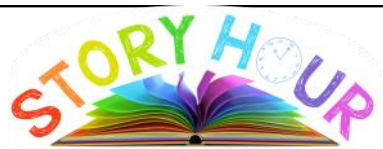

On the cusp of the 400th anniversary of the *Mayflower* voyage in the year 2020, what better time to affirm your connection to such a historic occasion? Since its founding in 1897, the General Society of Mayflower Descendants (GSMD) has verified over 120,000 lineages of *Mayflower* descendants and grown to almost 30,000 members across the globe.

Nancy Ratner, member of the GSMD and Lakeville resident, will be here to answer questions about the Society and guide people through the membership application process. She will also have copies of her *Mayflower Families*, Silver Books available for viewing.
