

Spring is less than a week away and it's a magical time of new beginnings, fresh starts and rebirth. It's with this in mind, we are thrilled to announce a "New Beginning" for Casey's Safe Haven as we moved to a special new Forever Home!

This past fall, the property where we had leased and called home for eight years was put on the market 'For Sale'. Because of this situation, Casey's board saw the need to explore options for our future. One of our main priorities was to keep Casey's as close as possible to our present location for our wonderful volunteers, our visitors' convenience and to remain in a community which we have grown to love dearly.

Our new home is located in Maple Park, IL which is a little less than 10 miles northwest of where we used to be. It is a beautiful place with comfortable stalls, some with turnout paddocks, and an attached indoor arena. The indoor arena will be an absolute blessing for the rehabilitation of our rescued equine and will help with their journey to find a "Forever Home". It's bittersweet to leave a home that we have known and loved for this many years, but sometimes life takes us on journeys and good things can come from change. But above all, we know our rescued equine will be very happy in their new home.

This new property where we are leasing, was purchased by a group of "Angels" who care deeply about Casey's Safe Haven and wanted to see us have a permanent home to continue our mission of rescuing and rehabilitating equine in need as well as giving back to the community. This means we now have the security of knowing we will never have to go through a move again.

The property will also be the home of "Misty Acres" a soon-to-be boarding operation that will have the same ideals and loving approach to their equine care as Casey's. As with our previous home, Casey's Safe Haven is leasing barn space from Misty Acres.

We have additional exciting information coming! We will take you all on the journey with us with postings and pictures. You can also stay up-to-date with our monthly e-mail Newsletter! Click to Sign Up for Newsletter:<https://www.caseyssafehaven.org/news-and-events.html>

The move has been a BIG undertaking, but so many of our dedicated volunteers stepped up again and again to help with the move. We are all so excited about our new home, our new beginning, and our bright future making it all worth it!

Once we settle in and iron out our new routine, we will continue our visits by appointment, Volunteer Orientation classes, and future new activities to help keep our supporters involved with the animals and the "behind the scenes" of a horse rescue.

We thank you all for your continued love and support and we are looking forward to this next chapter in our journey- TOGETHER!

With Blessings and Gratitude,

All of Us at Casey's Safe Haven Holistic Horse Rescue
