

ISRAELI NUCLEAR ARSENAL AND THE MIDDLE EAST ARMS RACE

The Sampson Option

'For the Israelites will live many days without King or Prince, without Sacrifice or Sacred Stones, without Ephod or household gods. Afterward the Israelites will return and seek the Lord their God and David their king. They will come trembling to the Lord and to His blessings in the last days.' –Hosea 3:4-5

The purpose of this study is to highlight the well-known Military Might of Israel and its speculative Nuclear Arsenal. It is believed that Israel possessed Nuclear Weapons since the mid-1960s. As a result, the Nuclear Middle East Arms Race ensued. Although no official statistics exist, outside of Israel, it has been estimated that Israel possesses 100-400 type of Nuclear Weapons; most are said to be situated underground. Why Israel's Nuclear Arsenal is important is because Israel is at the center of the 'prophetic countdown' to Armageddon. According to Biblical prophecy, all the Nations of the World will come against Israel or 'Zion' at the Battle of Armageddon with nuclear weapons.

Why there is some ambiguity as to the exact count of the Nuclear Arsenal is that Israel is not subject to the international accounting by way of the Non-Proliferation Treaty. But therein, neither is Pakistan, India or North Korea for that matter. It was this lack of transparency though that led the USA to invade Iraq on a 'hunch' that the country was harboring 'Weapons of Mass Destruction' WMDs, despite numerous UN Inspections that reported otherwise. However, reports state that such were transported to Syria. Iraq had nothing to do with the 9-11 attacks on the USA and yet it was invaded. This invasion was part of the Luciferian End Game that leads-up to Armageddon and the Battle fir Zion. Nonetheless, Israel seeks to maintain a Balance of Power against the Muslims as the neighboring states of Iraq, Syria along with Iran have sought to build their own Nuclear Bombs.

The Muslims do have in possession now nuclear weapons, i.e., Pakistan but ethnically they are not Arabs but Hindi. For the purposes of this study, a comparison will be made of Israel's alleged Nuclear Arsenal with that of other current estimated Nuclear Arsenal of other Nations. A possible scenario of a mid-size Nuclear Detonation over the city of Damascus will be diagramed to illustrate the scope of its effects. This scenario is prophetically based on the book of Isaiah 17, which is yet to occur. Some basic definitions of terms of key players will be given to establish some context to the study. Lastly, a short Biblical study on the parallels of Judges 6 and Acts 9 will be given. It will be shown that history will be repeating itself based on patterns from the Old Testament.

Pre-emptive Strike Policy

There are some overtones as well between the dealings of modern Israel with the Muslims that are currently in the Promised Land as Joshua had to deal with them at the Walls of Jericho. It appears that there are some profound spiritual implications for our day from the Apostle Paul's experience on the Road to Damascus as well. From an Israeli point of view, Muslim Nuclear Programs were and are seen as a direct threat to its national survival. Having come off the Concentration Camps of World War 2, the young Jewish Nation became legitimately anxious as to its survival.

All-out war was declared by all its Muslim Neighbors starting the day Israel declared Statehood on May 14, 1948. Israel had to start off with the fight of her life.

Metaphorically, this was a depiction in one sense of the vision as portrayed in the book of Revelation 12 and 13. A 7-headed Red Dragon sought to devour the 'Man-Child' that was about to be birthed of the Virgin with 12 Stars. When one sees a tiny country being invaded by 7 Muslim Armies well-armed by Russia, one has good cause to be suspect of the Muslim's intentions, now as then.

Israel has thus embarked on a policy of Preempting Strikes first to maintain this off-set Balance of Power by way of the Samson Option. For example, Israel struck Nuclear Reactors in Iraq in 1981 and in Syria in 2007 as it has been noted in the previous section of the study. If one does a study on the subject of the 'Last Days' as stated by the book of Hosea, one will plainly see that the Jewish-Muslim conflict is foremost a Religious Struggle for who will possess Zion, though most would refuse to see it that way.

Westerners distinguish between 'Church and State', the whole of the Middle East Islamic cultures does not. The conflict centers on which 'faith' of Abraham will prevail. The Holy Books of Judaism and so called Islam portray 2 very contrasting views of who 'GOD' is and who the 'Promised Land' belongs to. Islam is not the progressive successor to a failed Christianity as Muslims claim. If this were the case, why do Muslims behead those who 'convert' to Christianity if it is 'the same God'? This is despite the misguided Christians who claim that 'Allah' is the same 'YHVH' of the Bible. Contrary to popular opinion and even of some Liberal misinformed Christians, 'Allah' is not the same as YHVH, the GOD of Abraham, Isaac and Jacob.

At the core of this conflict is the issue of the Promised Land and its Title Deed to Zion. Whom does it belong to? It is not being able to accommodate People who claim the same space and time. What is transpiring before the world stage in these Last Days, in the current headlines are the prophecies of the Bible that are setting the stage for the ultimate conclusion and fulfillment at Armageddon. Many do not realize or associate that this 'Last Battle' is directly associated with the Last Days that Hosea spoke about. He alluded to the 2nd coming or return of Jesus Christ physically which at that time Israel will be fully restored to 'Faith' and in 'Faith' toward their true Messiah. Thus, Israel is a bench mark in time that stipulates when Israel's Messiah, Jesus Christ is to return.

It will be at the Battle of Armageddon when Israel will have no place to go and nowhere to look, except up. The Sign of Messiah's appearing in the sky will be very ominous. It will be when Israel and the Nations will see all the armies of the world gathered together in the Valley of Megiddo against Israel. So those that calculate that Christ comes before this climax happens-rather than later, miss the realization that the dominos of Muslim countries are being put in place for this event to occur. In the meanwhile, Israel fears that if Islamists attain a Nuclear Warhead, given the opportunity, Radical Islamists with or without the aid or control of Arab Governments will use the Nuclear Warhead in attempts to destroy the State of Israel. All the Charters of the PLO, Hamas, Hezbollah, al-Qaida and the Muslim Brotherhood, etc., call for the total destruction of the State of Israel.

These Entities are not even sovereign countries but Para-Military and pseudo-States within a State. They often work hand-in-hand with various Muslim governments. According to the Quran, it is the primary duty of every Muslim to kill the Jews and Christians. It is a unifying factor for the Arab and non-Arab Muslims of the world; to have this primary Religious Goal and Political Aspiration. These are the groups that the 'Arab Spring' has swept into power. These agencies now have stately power and control of the Chemical, Biological and Nuclear Arsenals. They have done and will do what no Arab Government can or would do as official policy, except for Iran perhaps. Why?

All Middle East wars are Religious War. The rebirth of the sovereign Nation of Israel negates Islam as a 'True Religion'. The mere existence of the State of Israel repudiates the notion that Islam is the Final Revelation of 'God.' Why? It is because YHVH still is not done with Israel and has regathered them back to their Promised Land, in Zion. This is only 1 aspect. The 2nd aspect will be the rebuilt 3rd Temple, and so on. The fact that after exactly 1948 years from the destruction of the Holy Temple in 70 AD, Israel will celebrate its 70th-year anniversary in 2018. Israel has been reborn from the ashes of the Concentration Camps on the verge of annihilation is a direct and concrete witness to the prophecy of Ezekiel's Valley of Dry Bones vision. It is a 'prophetic countdown' to Armageddon as the world and the Arabs and Jews are put on notice, that the GOD of Abraham, Isaac, and Jacob still honors His Land Covenant.

This Land Covenant was specifically given to Abraham and subsequently through Isaac and Jacob, Israel to be an inheritance forever, to all generations for the 'Seed of Abraham', mainly the Son of David, Jesus Christ. The lesson learned by the Jewish People after World War 2 from the threats of an Adolf Hitler. Before Hitler came to power, he published in this book, Mein Kampf detailing what he would do exactly to the Jews, given the chance once he would be in Political Power to do so. Hitler did just what he wrote about and meant. Why Iran is such a concern to Israel is that the Religious Leaders of Iran prescribe a similar apocalyptic scenario against the Jews, Christians included. The Shi'ite Eschatology prescribes a 'Nuclear' sort of Holocaust against Israel in an attempt to usher in their 12 Imam or Mahdi the 'Muslim Messiah'.

Mutual Assured Destruction

This world figure will 'finish' the job with as he will rule for 7 years from Jerusalem. At that time, he and with the help of the 'Muslim Jesus' will fully destroy not only the Jews in Israel but will break all the Christian crosses and forcibly convert all of Humanity to Islam or be condemned to death by decapitation. This Mahdi is to usher thereafter the true and 'Pure Religion of Islam'. Again any objector will be decapitated, Muslim style.

If is prophecy is believable and true, it will surely lead the entire world against Israel to the Battle of Armageddon. By contrast, another Islamic country, that of Pakistan which happened to be the first Muslim country to attain nuclear weapons, does not go about boasting publicly from a government's official policy stance, that it has a divine mandate from 'Allah' to eradicate the State of Israel, Jews and Christians, etc. Israel thus takes Iran's Islamic Shi'ite militant threats 'to wipe Israel off the map', literally.

Since 2010 there has actually been a De-Facto War going on between Iran and Israel over this very postulation; through Cyber Software Viruses, Scientists being targeted, killed and Nuclear Facilities are being sabotaged covertly. Currently Iran has attained Nuclear Status and will use this technology to weaponize its Military Ballistic Warheads with it. As these nations are playing into Biblical prophetic scenarios, Israel may very well likewise preemptively strike Iran and/or Syria. It already has to an extent because of this perceived threat. This in turn will cascade into several foretold invasions of Israel by the Muslim Nations that will set the inevitable stage for the countdown to Armageddon.

As noted, the Samson Option is a term used to describe Israel's alleged Nuclear Deterrence Strategy of 'Mutual Assured Destruction' MAD since the mid-1960s. It is characterized by initiating a massive retaliation with Nuclear Weapons, as a 'last resort', against an onslaught or envision of Israel by its Muslim Enemies. It is taken from Judges 13-16 in the Bible. It is where Samson is tied-up as a spectacle between 2 Pillars of the Philistine Temple of their God, Dagon. Samson regained enough strength at the end to collapse the whole Temple upon himself and upon all that were present. Samson perished but took down several 1000s along with him.

This is the principle behind the alleged Military Policy of Israel. It could be implemented at a point in time when Israel would deem it so hopeless and necessary -to the point that this desperate act would assure the destruction of all parties involved. Why this assertion could have some merit is that the Jewish population in Israel is geographically concentrated. Any Nuclear Attack on Israel itself would literally wipe the 'Jews off the map' of the Middle East with just 2 or 3 nuclear warheads.

Currently in Israel proper, the Jewish Population is tiny compared to other Nations. It stands at just over 7 million with another 7 million still scattered throughout the Nations of the World. Any threat from a nation or group that aims at Genocide involving a potential nuclear threat to exterminate the Jewish race and faith is taken literally and seriously by the Jewish government.

Israeli Military Complex

As it has shown in the past, Israel will not hesitate to strike first to preempt any chemical, biological or nuclear immanent threat to preserve its survival. Hypothetically, a nuclear strike on Israel from either an Iranian nuclear warhead or Syrian chemical and/or biological bomb would be catastrophic. As most of Israel's Population and Military Complex is concentrated in the Tel-Aviv area, the Jewish Population and infrastructure would be decimated by at least 1/3 or 33%. Nearly 2.3 million People would perish over the course of minutes and this would be with just using 1 mid-sized 200 kiloton Nuclear Warhead (20 megatons).

It is this region in Israel that would be ideal for a 1st Strike by its Arab Enemies. So the guarantee of national survival really depends on who will be the one who will preemptively strike first? It is just a matter of when. The IDF Military Forces of Israel are said to be one of the best trained in the world. Israel has gotten to the point that it is one of the leading exporters of weaponry to other countries. The Israel Defense Forces (IDF) differs from most Armies in the World in many ways. It is ranked 10th in the World overall according to several Military Statistics websites. Here is a general overview. Current overall Personnel is estimated to be at 3,511,190 with active Military at 187,000.

Israeli Army (IDF)

Total Land Weapons: 12,552

The IDF has served as Israel's Armed Forces in all the major wars and Military Operations. The number of wars and border conflicts in which IDF has been involved in its short history has made it one of the most battle-hardened Armies in the World.

Israeli Air Force

Total Aircraft: 1,964

Israel's Air Force is said to be the best in the World. Although Israel's Air Force lacks Strategic Bombers to deliver Nuclear Weapons over long range, its F-15I and F-16I Sufa Fighter Jets are capable of delivering Nuclear Weapons.

Israeli Navy

Total Navy Ships: 64

Israel is believed to have an offshore Nuclear 2nd Strike capability, using Submarine launched Nuclear-capable Cruise Missiles. These Devices can be launched from the Israeli Navy's Dolphin-Class Submarines.

Mossad

Israeli Secret Intelligence Service.(ISIS)

This Agency is responsible for Intelligence, Covert Operations, Assassinations, Counter-Terrorism, bringing Jews to Israel from countries where Aliyah is forbidden and protects Jewish communities worldwide. Ironically, it its MOSSAD that stands for 'ISIS' as that is the official name of the spy operates, MOSSAD's former motto was from Proverbs 24:6 in the Bible:

'For by wise guidance you can wage your war'

Others translate it to mean, 'By Deception, Thou Shalt Make War.' The motto was later changed to Proverbs 11:14.

Jericho Nuclear Missiles

Jericho is the name given to Israel's Ballistic Missile Systems. The Code Name was taken from the Biblical city of Jericho. The Jericho III is estimated to have a range of 5000-7000 miles. It gives Israel Nuclear Strike Capabilities within the entire Middle East, Africa, Europe, Asia and almost all parts of North America, as well as parts of South America. A launch from a Submarine off the coast of any land-mass would arrive in any world cities within 2 minutes.

Jericho I: 1970s

This is a Short Range Missile at 500 km 310 miles able to carry only about a 20 kiloton Nuclear Warhead (20x) that of Hiroshima. This 1st Generation System is said to be now obsolete.

Jericho II: 1980s

This is a Medium Range missile. It could be launched from a silo, a railroad flat truck, or a mobile vehicle. This gives it the ability to be hidden, moved quickly, or kept in hardened silos. This 2nd Generation System is designed to survive 1st Strikes.

Jericho III: 2000s

This is a Long Range Missile. It is speculated that it is an ICBM has a three-stage solid propellant. It is possible for the missile to be equipped with a single 750 kiloton Nuclear Warhead or Multiple Independent targeted Reentry Vehicles (MIRVs).

A Nuclear Detonation Scenario

Given the current volatile Political and Religious Confrontations of the Middle East, scenarios will be presented that will ascertain an inevitable Nuclear Confrontation between Israel and its Muslim Neighbors. The Muslim countries that are geographically falling like dominos. If what the grand plan of the Luciferian Pike comes true, it seems like a well-designed explosion that will eventually trigger this confrontation with Israel in the near future. It would be as sure as the 9-11 Twin Towers were an 'orchestrated demolition', a euphemism for what is to come.

Syria is aligned with the policy and aspirations of Iran in its stance against the State of Israel. Since 2014, it has signed a Military Pack with Russia. Russia has constructed bases and has provided Army, Naval and Air Force support that has changed the Balance of Power. Iran is a staunch supporter of Hezbollah that is also Shi'ite. Realize that since the Armistice of 1948, Israel and Syria have technically been in a constant 'State of War'. They have no Normalized Diplomatic Relations. There are several factors that could play in the scenario in which Israel might find it necessary to strike first, either at Iran, or Syria or both.

Scenario 1

In Syria, the various Muslim groups will end-up controlling the country, to include Russia, Turkey and Iran. In a desperate attempt to deflect pressure from the internal civil war, an attack on Israel with Chemical/Biological Weapons will occur. There are conflicting reports that both the government and the armed insurrection in Syria have already used such weapons on each other with Civilian Casualties. Most of the weaponry that the 'Free Syrian Army' has acquired is from the West through the CIA, M16, Saudis, etc. These are the Libyan stockpiles of weaponry brought over by the al-Qaeda/ISIS Mercenaries during the Benghazi ordeal.

Despite Assad ruling Syria with an 'Iron Fist' for so many years, he has now found himself being the target of the same fate as other Arab Leaders that need to be 'removed'. The Globalists Money Changers have been toppling these Muslim Governments by the hand of Western supported al-Qaeda/ISIS elements. They use Muslim Mercenaries from the Muslim World and from Government Opposition. What this means for Israel is that a more Islamic Radicalized Government will be in power opposing the State of Israel. This has now happened in Iraq. This was the objective thanks to the Obama Doctrine. Thus if Israel suspects that a credible plan of attack involving the use of Biological and/or Chemical Weapons, Israel will strike first to avert this scenario.

Scenario 2

A 'False-Flag' occurring in Syria could trigger war. They can come from planted covert Black-Ops as a pretext of blaming the Government of Syria itself much like the Massacre of Homs in the Civil War that were found to be done by Jihadists. Chemical Attacks on innocent Civilians are blamed on Assad by the 'Rebels'. They have failed to oust him thanks to Russia. Nonetheless, the 'Black Hand' of the Globalists has been designing and implementing their Luciferian plans, step by step and country by country.

There is evidence that this 'Black Hand' behind the scenes pulls the strings of World Affairs and that initiates wars and conflicts on innocent Populations. The U.S. Department of State is one such culprit and by the measure of their actions is a 'den of vipers' at the very top. Specific since Obama, It has thus far insured the overthrow by design of Tunisia, Libya, parts of Yemen and Egypt. Now Syria and the Ukraine have been designated to implode like the others. This outcome will ensure that, at an opportune time, there will be an eventual united Muslim assault on Israel as prophesized in Psalm 83 and in Ezekiel 38.

To reiterate, the 'Free Syrian Army' is not free, not Syrian and not an Army. It is mostly made up of al-Qaida and extremist Jihadist Mercenaries that have morphed into ISIS imported from Libya and Saudi Arabia, other Muslim Nations. They are supported by the Western Powers/CIA, SAS, etc. At this point, these elements do not need to take control of the Syrian Government. They may very well initiate a False-Flag attack on Israel that will be intended to be perceived as coming from the Syrian Government itself. Israel would retaliate before an all-out strike could occur.

Damascus - 200 Kilotons

Hypothetically, if Israel were to strike Syria first with a Nuclear Warhead, it would mean that the perceived threat to Israel would be to such a level that the potential Genocide of the Jewish Race would be hanging in the balance. This is no small or trivial decision to make for Israel. Such 'Apocalyptic Scenarios' could surely spark the start of the 'countdown' to World War 3 and the prophetic Gog-Magog invasion of Israel that ultimately will lead the Nations to Armageddon. A Nuclear Strike from an Israeli Submarine off the coast of Lebanon for example, would arrive in Damascus within 2 minutes.

A Jericho Nuclear Warhead from a silo in the Negev Desert would arrive in Damascus with 4 minutes. A strike using F15 Jets would not be the best options as Syria has advanced Russian Anti-Aircraft Missiles (SAMs). The city proper of Damascus has a radius of 10 miles which includes the ancient center and Straight Street where the Apostle Paul stayed after his encounter with Jesus Christ on the Road to Damascus as recorded in the book of Acts 9. This is how just a 200 kiloton Nuclear Warhead would do to a city the size of Damascus.

It would be estimated that around 1.7 million People would be killed instantaneously from Ground Zero. Another 4.8 million lives would be directly affected within the metropolitan 30-mile Radius. The statistics below outline the ramifications of a Mid-Size Nuclear Detonation at .8 miles above the city. In all probability, there is no likelihood that just 1 Nuclear Device would be detonated. No doubt there will be several Nuclear Warheads launched to assure certain and successful deliveries.

<i>Destruction</i>	<i>Total</i>	<i>Heavy</i>	<i>Moderate</i>	<i>Mass Fires</i>	<i>Radiation</i>

It is estimated that over 500,000 Syrians have died since the Civil War broke out in 2011. This includes Women and Children. Some estimate that over 14,000 of the casualties have been children alone caught in the crossfire. In 2016, from an estimated pre-war Population of 22 million, the United Nations (UN) identified 13.5 million Syrians requiring Humanitarian Assistance, of which more than 6 million are internally displaced within Syria, and around 5 million are Refugees outside of Syria. This is an example of 1 means to de-populate the World and being used by the Globalists.

The table below depicts nearly all the top Armies of the World ranked by Global Firepower.com. About half the Nations listed with current Nuclear Arsenals are not party to the Non Proliferation Treaty (NPT) which requires UN Inspection and regular monitoring. Below is the Nuclear Proliferation demographic make-up of Nations that have the technology of harnessing the Atom. All the major World Religions are now also represented; Christianity, Atheism, Judaism, Hinduism and Islam.

If and when the Syrian government falls, it will be inevitable that groups like Hezbollah and the other special-opt or covert Para-Military groups will fully control all the Chemical and Biological Stockpiles of the Nation as they have been in Libya and Egypt.

Current World Estimated Nuclear Arsenals

Current reports state that the 'Rebels' have been funneled such weapons already from Libya and Saudi Arabia. Why this is volatile is that given this eventual outcome, Israel will have yet another entirely Militant Islamist country on its border to contend with. This latest projection of the outcome in favor of the Assad Government against the insurrection will have the whole of a country bent on the same quest to destroy Israel. Either way, no matter who will prevail, they will stage a much larger Jewish-Muslim confrontation.

As to why the MI6, the CIA, and British SAS are in Syria working with the Free Syrian Army and the Syrian National Council remains to be fully explained to the American tax payer that funds them. This situation eerily echoes the same 'Game Plan' of imposing economic sanctions and No Fly Zones on Iraq, Libya and Serbia, etc. These were used to set up the stage for eventual invasion.

The UN and U.S. sanctions against the Assad regime have only put Assad going to the Russians. He was forced to use brutal force to squelch the insurrection that has been propagated much like it was in Libya and Egypt by co-opt and Foreign Subversives supported by the West. To the Muslim point of view, Israel is seen as 'Zionists' bent on expansionist policies that are based on a 'Religious' Biblical mandate to take 'there' land and rule the world.

The Muslims view the Jews of Israel as Racists on a power quest to dominate not only the Region but the World through their International Banking Cartels and Multi-National Corporations. Israel's self-defense tactics used to ensure its security and of its treatment of the Palestinians have caused many in the world to turn against them. Israel will eventually be left to its own demise.

Perhaps at that point it is when Israel will have no choice but to rely on its Nuclear Deterrence like the Samson Option. Presently it is ensuring a Détente in a bluff to ensure its survival. It will not be until the promised 'Peace and Security' deal that is procured by the new emergent leader of the New World Order to come after such wars. The following sections will breakdown the entities that are prominent in the quest to force regime change in respected Muslim Nations and in the Muslim World in general.

al-Qaeda - ISIS

The word literally means 'The Base'. It is a global militant Islamist organization said to have been founded by CIA operative Osama bin Laden around 1987-88. It ascribes to a Radical Sunni Doctrine calling for 'Global Jihad' against Israel and the USA/West. It follows strict interpretation of Sharia Law. It is widely believed that it carried out the attacks of September 11 in the U.S. But due to increasing and mounting evidence, it is becoming more apparent that 9-11 was in 'inside job'. Others even go so far as to assert based on credible proof that al-Qaeda is the creation of the CIA during the Soviet invasion of Afghanistan.

Muslim Brotherhood

This organization is the largest Political Opposition in many Arab countries. It was founded in Egypt in 1928. They combine Political Activism with Islamic Charity work to gain popular support. Their agenda strives to have Islamic Governments eventually unite under one Islamic Caliphate. This 'United States of the Arabs' seeks Jerusalem as its Capital. Following the Egyptian Revolution of 2011 this entity was legalized and gained a majority seats in the Legislature. Of note, the party forbids Women or Copts from holding certain Political Offices. Egypt has an estimated 6 million Coptic Christians. The organization was funded by Hitler during WW2 and started as a Masonic Lodge where the directives come from.

Hamas

The word means 'Islamic Resistance Movement'. Hamas also means 'devotion' and 'zeal' in the path of Allah. It is a Palestinian Sunni Islamic organization founded in 1987 during the 1st Intifada or uprising against Israel. Their main objective is to 'liberate' Palestine by destroying Israel and establishing an Islamic State of Palestine in its place. In 2006, Hamas won a majority vote for control of Gaza against the PLO-Fatah Party. The largest supporters of Hamas are Saudi Arabia and Iran. Hamas is one that distinguishes between so called Jews and Zionists. Its struggle is said to be solely directed against the State of Israel, although Hamas denies the Holocaust and murders innocent Jewish civilians. And it launches 'Fire Balloons' to star fires in Israel. It also launches barrages of Rockets into Israel indiscriminately at Civilian Populations, which is a War Crime and goes against what they espouse.

Hezbollah

The word literally means 'Party of God'. It is a Shi'a Muslim Militant Group and Political Party based in Southern Lebanon. Their main goal was to ensure Israel's departed from Lebanon during Israel's occupation of Southern Lebanon in the early 1980s. It also calls for the destruction of the State of Israel, which they refer to as the 'Zionist Entity'. It engages in Guerrilla War Tactics against Israel. It was the 1st to use Human Suicide Bombers and the capturing of Israeli IDF Soldiers. The forces are trained and organized by the Iranian Revolutionary Guard. Particularly in 2006, a border 'Micro-War' broke out against Israel that inflicted many casualties for Israel. It was seen as a victory.

Road to Damascus - Parallels of Acts 9:3

Damascus, then as it is now, is a key commercial hub with trade routes that made it one of the major crossroads in the Middle East. It was at this city that according to the Bible, Saul's view of Christianity before his conversion was like that of the Arabs view of the Jews now in Israel; they both wanted and want everyone involved with it, destroyed. Saul was nearing Damascus but suddenly found himself surrounded by a very 'Bright Light'. He fell to the ground and heard a voice from Heaven say, 'Saul, Saul, why do you persecute Me?' It was voice of the risen Jesus Christ Himself. It was not the Believers of Christ but Jesus Christ Himself whom Saul was opposing. Likewise, Arabs do not realize that it is not the Jews or 'Zionist' that they opposing and seek to annihilate but Jesus Christ Himself. As the Creator, it is His Land and People.

Both tied to or 'covenanted' to the Promised Land as an inheritance from YHVH. The Jews and the land of Israel are inseparable in the eyes of YHVH. And the Jews, despite centuries of persecution and slaughter in the name of 'God', both by Roman Catholics primarily and Muslims can never be completely destroyed. If so, then YHVH would be reneging on His promise to Abraham, King David and for that matter. YHVH left but 1 Tribe, Judah to fulfill and keep His promise. Why? For Israel's part, they essentially failed at keeping Faith and Fellowship with YHVH. Increasingly, the Earthly People of YHVH became just like the Nations before them.

Saul was feared and considered a fierce opposer to those Followers of the 'Way'. Yet Saul converted due to this encounter with Christ's direct judgment on the road to Damascus. Likewise, Syria is considered a considerable foe. Yet according to Isaiah 17, Damascus will face a similar direct judgment as it is perhaps metaphorically 'blinded' by a Nuclear 'Bright Light'. There might very well be a lot of conversions on the part of both the Arabs and Jews after such a Nuclear Strike. Perhaps many Muslims will convert because the Muslim Allah did not protect the Muslims from such a horrific judgment.

Perhaps many Jews will convert because they see their prophecy fulfilled. Many other might convert because by such a time, a sizable portion of Christians just disappeared right before the world's eyes. Given the state of war, either through the slaughter of Syrian Christians at the hand of the Muslims have rendered Syria free of the Christian Witness. This is a speculation that the Rapture of the Bride of Christ and a 'Sudden Destruction' will coincide. Saul experienced 3 days of blindness. Perhaps there will be 3 days of total darkness as the nuclear fires rage and the dark clouds descend on Damascus with radioactive ashes that block the Sun's light.

Perhaps as the darkness falls on Damascus, the 'Light' of YHVH's Word will relieve Israel's temporary Spiritual Blindness per Romans 11:25. Paul became one of the greatest Witnesses for Christ after his conversion. His Ministry took him through imprisonments and persecutions. As many suggest the Rapture could coincide with perhaps the time and case when the Witness and Royal Commission of the Church Age will be transferred from the Church to the 144,000 Jewish Evangelists Sealed and Anointed as the book of Revelation describes. These, like Saul are the ones that will see the 'Bright Light' of Christ and come to see Yeshua (Jesus) as the Messiah of Israel. It would be as the Disciples did with Nathaniel under the tree, 'Come and see, we have found the Messiah'.

They in turn will have the same zeal and fervor for World Evangelism as Paul had and with the same power, effects and outcome. Paul at the end of his Ministry was executed by the Roman AntiChrist type Nero for being a Witness to Christ. Many believers during the Tribulation Period that were witnessed to by the 144,000 Jewish Evangelists will likewise be beheaded and Martyred for their Faith in Jesus. This also includes the 2 Witnesses. There will be a consequence for not taking on the Money Changer's Banking System Mark of the Beast that will be mandated. These Martyrs are the ones that will not pay Political or Religious Allegiance to the False Prophet and AntiChrist; whoever they will be.

A spiritual comparison between Jericho and Damascus will be made with some overtones alluding to a Rapture type. It will involve the manner in which Jericho was 'suddenly' destroyed. Perhaps it may well be the same way in which Damascus is to be 'a heap of ruins' if Isaiah 17 is what it is referring to. Jericho was encircled 7 times and on the 7th time, the city was encircled 7 times. Here is a 7-7-7 pattern that speaks of 'completion' or totality. As a result, the city walls of Jericho fell down and the fighting men went up at the shouts and sounding of the Jewish shofars. Only Rahab and Family were saved.

Some Biblical scholars say this is a type or picture of the Rapture. Perhaps at the time when a 'Sudden Destruction' comes upon a city that opposes Israel's right to the Promised Land, like Damascus, the Rapture could occur with such conditions. It is also interesting to note that for the 1st time since World War 2, the Jewish Population has reach nearly 14 million worldwide. The Jewish Population was nearly decimated in the Nazi Concentrations Camps by the end of World War 2. It appeared that Ezekiel's 'Valley of Dry Bones' came to pass. Miraculously a Jewish Nation was thereafter born from the ashes to become one of the greatest Armies in the world to this day.

Since then, there has been a steady increase in Jewish Demographics that puts Jews now living in Israel proper at over 7 million and another 7 million throughout the World. Here therein is another 7-7 pattern that perhaps might be tied in to the Last Days that Hosea spoke about. Perhaps it would be in the Last Days when, at a certain point in time, based on a particular number count of Jews being alive, a 'completion' will occur. This 'completion' could be when all of National Israel would seek and realize Jesus Christ to be their Messiah when He returns in Glory. Psalm 102 does speak of a 'Last Generation'. Realize however, that sadly 2/3 of the Jewish Population will parish in a 2nd Holocaust leading-up to this countdown to Armageddon. (Zech 13:8)

As many Biblical Scholars believe one is now living in the Last Days, such prophetic scenarios could very well be fast approaching in this 'Last Generation'. Jericho's total annihilation and of its inhabitant, minus Rahab and her family produced such a psychological trauma for the rest of the Canaanites or 'Palestinians' that remained throughout the Promised Land, that they thereafter sought peace with the Israelites. Perhaps as Isaiah 17 describes it, the once fortified and proud Muslim city that will fall fast and hard will be so devastating to the morale of the rest of the Muslim World that they will seek 'Peace' with Israel. Or this peace, a 'False Peace' will occur after the defeat of the Inner-Ring of Muslim Nations of the Psalm 83 War.

To the Muslim psyche, 'Peace' is only a reprieve to rearm for a future war. This was Operation Badr of Mohammed. At this time, thereafter, is when Israel, for the time being, will live in 'un-walled cities' but with a false sense of Security due to the Political 'Peace' that ensues. This might very well be the time when the Covenant will be 'Confirmed' by the then identified AntiChrist and the 'Many'. This Period of Peace will be short-lived as the Outer-Ring of Muslim neighboring Nations will have only bought time to regather strength and ally themselves with Russia. This will culminate in a massive attack on Israel as described in the Gog-Magog invasion of Israel.

Why Damascus? It is also interesting that the city of Damascus lies at the 33° latitude. This is key in that the occultists, that run the World Governments and wage world wars, specifically express their dealings through specific numbers and places. For example, Hiroshima lies almost on the same exact 33° line as Damascus. Nagasaki lies at the 32° latitude. Many suggest that these cities were precisely chosen to be destroyed by the 1st Nuclear Bombs because of their Latitude number association. This happened on 1945, August 6th for Hiroshima and then 3 days later on August 9th with Nagasaki. This is a 6-3-9 pattern which is significant in the Luciferian Occult.

Could it be no different for Damascus if there is some validity to this assertion of what Isaiah 17 declared about it and where the city happens to be geographically situated numerologically? In Jericho, Rahab and her family were the only ones 'saved' from the city's 'sudden destruction'. They were passed over due to the Red Chord that needed to be placed outside their home as a 'Sign' to the Israelites. This speaks of the red Blood of Christ that spares one from the Wrath of YHVH's judgment to come against Sin. In a far larger metaphorical sense, the judgment of YHVH coming upon this world can be seen as a 'Jericho'. Humanity likewise needs this 'Red Chord'. It echoes the Passover.

Like Jericho and possibly Damascus, in terms of the coming Rapture, as the judgments of YHVH starts to be poured out, the veil of mortality will fall like the Walls of Jericho. YHVH's People will go up as the Fighting Men did that were led by Joshua, a type of Jesus, the 'Captain of our Salvation'. One day, Jesus will be calling His Bride' to go up'. This is when perhaps, at a point in time, the Shout, the Voice of the Arch Angel and the Trump of God will initiate the Blessed Hope. As YHVH spared Rahab and family from the city's destruction, so too YHVH promises to spare those whose sins are washed by the Blood of Jesus.

This constitutes the Great Escape. It is the sacrifice of Jesus on the Cross of Calvary that paid for sins. The Bible states that Sins can only be washed away through the Blood of Christ, Jesus has also qualified His Followers to share in His very own Inheritance. Christ's Blood is that 'Sign' against the coming Wrath of the Lamb on this world much like Rahab had to have on her wall. This covering of the Blood was as a type of the Passover going out of Egypt This Blood Sign is the Blood of Christ that is required to get out of the Sin bondage of Egypt and the Jericho's of this World. The Blood of Christ is also required as the 'Red Chord' to get into the Promised Land, i.e., the Kingdom.
