# ENGINE OILS

All Lucas Motorcycle Oils have clutch additive packages to work with all wet clutches.

## PETROLEUM

10712	SAE 50wt.	1 Qt.
10714	SAE 70wt.	1 Qt.
10767	SAE 10W-40	1 Qt.
10700	SAE 20W-50	1 Qt.

## SEMI-SYNTHETICS

10710	SAE 10W-40	1 Qt.
10720	SAE 10W-40	1 Qt. ATV Oil

## TWO-CYCLE SEMI-SYNTHETIC OILS

10110	Semi-Synthetic 2-Cycle Oil	1 Qt.
10467	2-Cycle Land & Sea TC-W3 Oil	1 Qt.

A "True" smokeless formula that is formulated with high quality base oils fortified with a Lucas ashless detergent inhibitor package to minimize spark plug fouling, pre-ignition, ring sticking and combustion chamber deposits.

For more information about Lucas Oil products visit [www.LucasOil.com](http://www.LucasOil.com)

## FULL SYNTHETICS

10765	SAE 50wt.	1 Qt.
10718	SAE 0W-40	1 Qt.
10704	SAE 5W-20	1 Qt.
10706	SAE 5W-30	1 Qt.
10708	SAE 10W-30	1 Qt.
10777*	SAE 10W-40	1 Qt.
10716	SAE 10W-50	1 Qt.
10702	SAE 20W-50	1 Qt.

\*This 4-stroke motorcycle oil meets API SJ and JASO MB Honda performance requirements. The JASO MB is friction modified and is designed for use in engines only and not in wet clutch applications.

## TRANSMISSIONS

### PETROLEUM GEAR OILS

10043	SAE 80W-90	1 Qt.
-------	------------	-------

Lucas SAE 80W-90 Gear Oil is a technical blend of oils and additives designed to give longer oil life and longer component life with less power draw. It is formulated with special anti-wear agents and anti-seize agents not found in common gear oils. It contains special lubricity agents for less wear, less heat, more power and longer bearing life.

10042	SAE 85W-140	1 Qt.
-------	-------------	-------

This oil is ideal for older gear boxes. This formula slows or stops oil leaks and cushions gears to reduce lash in worn gear sets. It is formulated with special "climbing additives."

## SYNTHETIC GEAR OILS

**10047 SAE 75W-90 1 Qt.**

Lucas SAE 75W-90 Synthetic Gear Oil is a pure-synthetic, non-foaming, super slick, long lasting lubricant designed especially for heavy-duty or high performance applications where other gear lubricants just aren't good enough.

Specially designed to stand up to high temperatures without losing its lubricity.

**10121 SAE 75W-140 1 Qt.**

Contains a special additive package that cushions gears and resists "squeezing out" under extreme pressure. Excellent for quieting motorcycle transmissions. Perfect gear oil for 6-speeds.

**10778 SAE 80W/85W 1 Qt. Trans Oil**

This High Performance SAE 80W/85W Transmission Oil is designed for use in both 2T and 4T Honda transmissions.

**10790 Primary Chaincase Oil 1 Qt.**

Lucas Primary Chain Case oil is a blend of easy flowing base oils and a Lucas additive package designed to carry away more heat from the clutch plates and friction plates. This assures a longer more trouble free clutch life.

For more information about Lucas Oil products visit [www.LucasOil.com](http://www.LucasOil.com)

# OIL ADDITIVES FOR ENGINES & TRANSMISSIONS

## 10727 Motorcycle Oil Stabilizer 12 oz.

Lucas Motorcycle Oil Stabilizer is the #1 heavy duty and high performance oil supplement in the U.S. It eliminates dry starts and resists thermal breakdown for total protection in new engines. It stops smoking, knocking, and oil consumption in worn engines. It raises oil pressure, adds lubricity, lowers temperatures and stops leaks. It also extends oil life by at least 50%. Use it in any manual transmission or differential to stop wear, leaks, heat, noise and hard shifting. It safely blends with all petroleum products, even synthetics.

***Lucas Motorcycle Oil Stabilizer will not void new motorcycle warranties. Not recommended for V-Twin primaries.***

---

## 10130 Synthetic Oil Stabilizer 1 Qt.

Lucas Pure Synthetic Oil Stabilizer is perfect for use in new equipment that requires synthetic oil or any equipment that needs enhanced performance. It can be used to protect new and used heavy duty and high performance transmission, gear boxes and engines. This product controls heat and wear in motorcycle, air-cooled engines and all drive-train components.

**10278 Engine Oil Stop Leak 1 Qt.**

Lucas Engine Oil Stop Leak is designed to stop leaks in engines. It is also an exceptional additive for worn and older engines, reducing engine noise and oil consumption while raising oil pressure.

**10063 Engine Break-In Oil 16 oz.**

Specially formulated to protect camshaft lifters and valve train during break-in period of any motor, especially flat tappet camshafts. The exclusive blend of extreme pressure "Lucas" additives provides enhanced protection to both conventional or synthetic motor oils. For maximum protection and results use with every oil change.

## FUEL ADDITIVES

**10020 Fuel Treatment 5.25 oz.**

**10003 Fuel Treatment 1 Qt.**

Lucas Fuel Treatment is formulated for gasoline, diesel and LPG engines. It contains no harmful solvents or alcohol. This product is a blend of heat resistant, super slick oils and additives with a detergent action that cleans and lubricates the fuel system. It also causes the fuel to burn more efficiently for greater fuel economy and fewer emissions.

**10725 Octane Booster 2 oz.**

**10026 Octane Booster 15 oz.**

Lucas Octane Booster is a genuine performance enhancer! It has been tested and proven to deliver at least three times more boost than most other brands. It is suitable for use in fuel injected, carbureted, throttle body and rotary engines. It's safe for turbos, oxygen sensors and catalytic converters.

For more information about Lucas Oil products visit [www.LucasOil.com](http://www.LucasOil.com)

**10512 Deep Clean™  
Fuel System Cleaner 16 oz.**

Lucas Deep Clean is blended with an exclusive Lucas additive package and specific carrier fluid that contains no diesel fuel, kerosene or anything else that can be harmful or useless to an engine. It also reduces NOx emissions, eliminates the need for higher octane fuel, and deep cleans the entire fuel system and combustion chamber.

**10512 Safeguard™ Ethanol Fuel  
Conditioner w/Stabilizers 16 oz.**

Lucas Safeguard™ Ethanol Fuel Conditioner with Stabilizers was developed to specifically address issues associated with using ethanol based fuels. This applies to E-10, E-15, E-85, pure ethanol and any mixtures in between including gasoline. Our Product is completely soluble in all ethanol fuels and will not harm filters. Lucas Safeguard™ Ethanol Fuel Conditioner and Stabilizer contains effective additives to prevent rust and corrosion associated with the use of ethanol fuels.

## FUEL STABILIZER

- 10314 Fuel Stabilizer 8 oz.**
- 10302 Fuel Stabilizer 15 oz.**
- 10303 Fuel Stabilizer 1 Qt.**

Lucas Fuel Stabilizer is the best solution to prevent gasoline breakdown during storage. Cleans, lubricates, and maintains fuel pumps, carburetors, fuel injectors and compression rings. Safe to use in all grades of gasoline and in all 2 and 4 cycle engines. Easy to use! One ounce treats one gallon.

# DETAILING PRODUCTS

- 10483 Slick Mist Speed Wax 8 oz.**
- 10160 Slick Mist Speed Wax 24 oz.**
- 10513 Slick Mist Tire & Trim Shine 24 oz.**
- 10514 Slick Mist Interior Detailer 24 oz.**

Slick Mist Speed Wax is great for shining cars, motorcycles, ATV's, trucks and boats. The Slick Mist Interior Detailer cleans and protects your doors, dashboards, consoles, seats, steering wheels and trim. Slick Mist Tire & Trim Shine can give a long lasting, like new shine to your tires, bumpers, rubber, plastic and vinyl trim and is also an excellent rim detailer.

# GREASE

- 10330 X-Tra Heavy Duty Grease Tub 16 oz.**
- 10301 X-Tra Heavy Duty Grease Cartridge 14.5 oz.**
- 10315 3 Pack Grease 3 oz./each**

Lucas X-Tra Heavy Duty Grease is a shear stable product with exceptional extreme pressure characteristics and excellent water resistance. It has excellent mobility at low temperatures. It lasts four times longer in wheel bearing tests over conventional lithium grease, exceeds OEM "Lube For Life" specifications.

# MECHANICS/D-I-Y

- 10152 Assembly Lube 4 oz.**
- 10153 Assembly Lube 8 oz.**

Lucas Assembly Lube is designed to be used as an initial lubricant to metal surfaces. It mixes with any oil and will not plug filters. This product clings to all surfaces and is an excellent rust inhibitor, allowing long-term storage for all parts. It's useful whenever tension or torque is applied.

For more information about Lucas Oil products visit [www.LucasOil.com](http://www.LucasOil.com)

- 10070 Tool Box Buddy Liquid 2 oz.**  
**10392 Tool Box Buddy Aerosol 11 oz.**

Now available in an 11oz. aerosol Tool Box Buddy is a superior lubricant and penetrant designed to dissolve corrosion and rust without drying. Protect against water and event salt water. Use it on nuts, bolts, hinges, bearings, guns, fishing reels, sliding doors, motorcycle chains and a million other home and shop uses.

- 10393 Chain Lube 11 Oz.**

Formulated with unique Lucas additive chemistry that penetrates deeply into the pins and bushings of the chains and provides excellent rust and corrosion protection as well as outstanding water resistance. Our product does not sling off and resists rust. It can be used in all chain types. It sprays in any direction, even upside down and has a unique foam property.

- 90798 Foam Filter Oil 1 Qt.**

Lucas Foam Filter Oil is a unique low solvent, low viscosity formula designed to penetrate the filter media and trap dust, dirt and sand while improving air flow. Because it has a slight tackiness it stays in place throughout the service life. Its water proof formula helps block out moisture and water. Will not clog foam filters even in colder temperature applications. Its blue color ensures coverage across the entire filter area.

- 90799 Contact Cleaner 14 Oz.**

Lucas Electrical Contact Cleaner aerosol is a unique blend of solvents, cleaning agents and propellants designed to remove oil, dirt and moisture from contact points in small electrical equipment, controls, ignition systems, motors, relays and thermostats. This non-conductive, non-chlorinated, CFC free, VOC compliant formula dries quickly and leaves no residue.

## SYNTHETIC FORK OILS

10771	SAE 5wt.	Light	15 oz.
10772	SAE 10wt.	Medium	15 oz.
10773	SAE 15wt.	Heavy	15 oz.
10779	SAE 20wt.	Extra Heavy	15 oz.

Fork Oil reduces thermal expansion and provides better wear protection and more responsive handling.

## HARLEY-DAVIDSON®

and all air-cooled motors V-Twin, Slant Twin, & Opposed Twin.

# THE TRUTH ABOUT YOUR WARRANTY ISSUES RELATED TO OIL.

Often times motorcycle owners are told to only use original equipment manufacturers oil or this will “VOID” the motorcyclist warranty.

Dealers and OEM manufacturers should be aware of a federal law (The Magnuson-Moss Warranty Act) that prohibits any manufacturer from limiting which lubricants can be used—as long as the oil and lubricants meet or exceed the OEM’s recommended specifications for the products suggested. Lucas Oil does meet or exceed every motorcycle oil manufacturer’s specs.

Based on the Magnuson-Moss Act, if a dealer or manufacturer insists that you will void your warranty if you use another company’s oil they will have to provide you with their oil free of charge.

## MAGNUSON-MOSS WARRANTY ACT

15 USC §2302 (c)

“No warrantor of a consumer product may condition his written or implied warranty of such product on the consumer’s using, in connection with such product, any article or service (other than article or service provided without charge under the terms of the warranty) which is identified by brand, trade, or corporate name;...”

To see this law in its entirety, please visit  
<http://uscode.house.gov/search/criteria.shtml>  
Title 15, Section 2302

# LUCAS MOTORCYCLE OIL CHANGE AND INSPECTION

NO APPOINTMENT NECESSARY

- Changed  Engine  Primary  Transmission
- Checked tension on primary chain
- Checked brake master cylinders
- Checked brake pads
- Checked spark plugs and wires
- Checked and adjusted clutch  
and lubed throttle cables
- Checked air cleaner  recharged  replaced
- Checked belt or chain tension and alignment
- Checked tire pressure  Front  Rear
- Checked tires, tread depth & sidewalls  
for cracks & wear
- Checked fuel and oil lines for wear and/or leaks
- Checked turn signals
- Checked running lights and brake lights
- Checked and recorded any other leaks
- Lube kickstand

Quick walk around with customer explaining what you found, address problems, recommendations.
