Thanks I just got a hold of him. He left a message on a cell phone That I did not have with me and I was out of town all last week. However, He told me 9:30. I was going to meet him on Peach street at 9:00 and proceed to your farm. Does that work for you?

Mike,

Todd called earlier in the week and said that you both had been missing each other's phone calls. He did indicate that the week of the 23rd was fine for him, although he was looking more at the 24th or 25th. I know he was getting ready to head out on vacation. I have tentatively marked the 23, 24, and 25 as possible dates for your visit. Whatever day and time works for you and Todd will be fine. Just let me know.

Thanks,
Rhonda McAtee/Bob Brace
