

# SUPER FLARE AD LEONIS - GLIESE 388

## THE RAPTURE ROAR OF THE COMING KING?

The purpose of this illustration is to consider the prophetic ramifications of the 'Lion's Roar' Super Flare phenomena that is occurring in the constellation of Leo. The finding was made by some Japanese astronomers who recorded a Super Flare erupting on a Sun about 20x bigger than Earth's Sun. The Super Flare occurred, in the Star or Sun called AD Leonis. It is also called Gliese 388 in the constellation of Leo, the Lion close to the Star Algieba. This activity was detected by the Seimei Telescope on Okayama Mountain west of Kyoto. Such a phenomena was the first ever recorded and described. Based on science so far observed, a Super Flare occurs near the sunspots that cause a sudden flash of increased brightness. In some cases, a Coronal Mass Ejection CME can occur that then forms massive magnetic storms. To get a size comparison to regular Sun Flares from Earth's Sun, a Super Flare is estimated to be 10,000 times more powerful and massive. This Super Flare occurred in the area of the Lion's 'neck' or what others who study the meaning of the constellations call the Sickle. However, one who studies the End of Days wishes to present a possible prophetic significance of this finding in the context of Biblical significance and possible interpretation. Every constellation explains a facet of this Plan of Salvation and in the case of the constellation of Leo, it is a metaphor, a euphemism for the 'Lion of the Tribe of Judah'. The question is, does this depiction astronomically portray the 'Shout' that the coming and anticipated Rapture event is to take place with?

Yeshua ben Joseph and Yeshua ben David.

Astronomically, there are 3 constellations ruled by Leo that completes this picture of prophecy and the Genesis 3:15 issue.

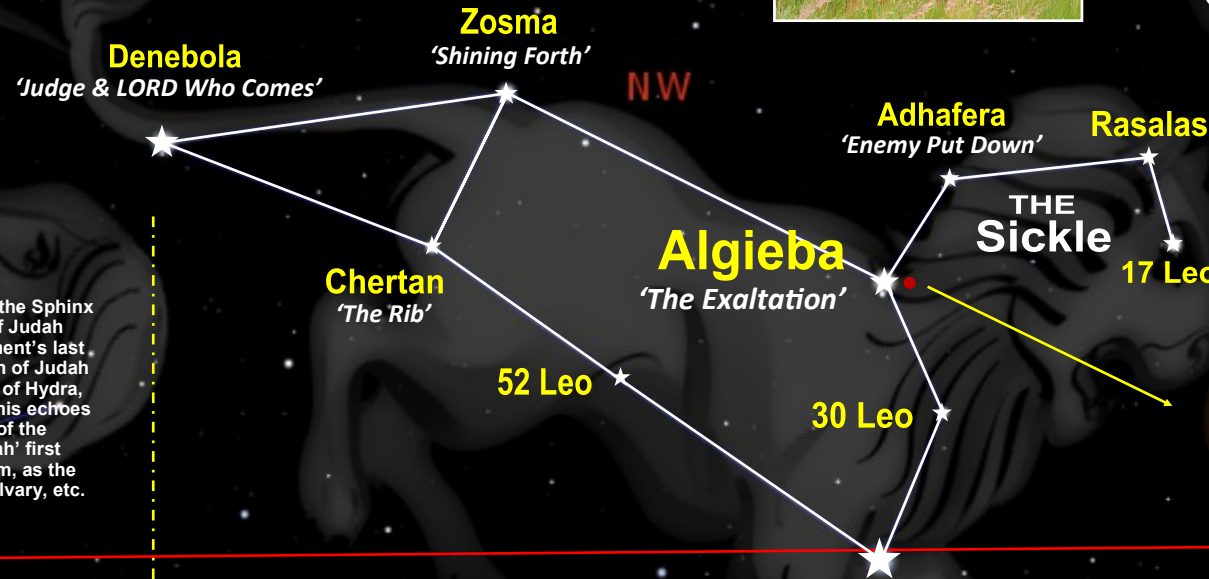

1. Hydra = Old Serpent destroyed by the Lion.
2. Crater = Cup of Divine wrath poured out upon Serpent.
3. Corvus = Bird of prey devouring Serpent Enemy.

The Mazzaroth is the answer to the age-old Riddle of the Sphinx. In the Sphinx is the coded 'Alpha and Omega' of Leo and Virgo. Leo or the Lion of Judah that is spoken in the Old Testament is concluded in the New Testament's last book, that of Revelation. The last book of the Bible portrays the Lion of Judah or 'Leo' treading upon a Serpent, Lucifer. His feet are over the head of Hydra, the great Serpent, and just about to descend upon it and crush it. This echoes what YHVH foretold would occur as Messiah would crush the head of the Serpent, Lucifer at the Cross of Calvary. However, this 'Lion of Judah' first had to come as 'Lamb of GOD' to atone for the sins of Eve and Adam, as the Serpent 'bit' the heel of the Savior through Death at the Cross of Calvary, etc.

For the Lord Himself will descend from heaven with a Shout [roar], with the Voice of an Archangel, and with the Trumpet of God, and the dead in Christ will be the first to rise. After that, we who are alive and remain will be caught up together with them in the clouds to meet the Lord in the air. And so we will always be with the LORD.

### LORD OF THE HAVERST

Leo is the constellation of the King of the Universe and it contains at its 'heart', the Star of the King. Revelation 5:5 foretells of a time when time concludes and the Judgement Day comes. It will be none other than this 'Lion of Judah' that is the only one worthy to beak the Seal Judgments and pronounce righteous judgements. This 'Lion' of Judah is a man, Jesus that became human, died and resurrected to qualify -as He had no sin. He is given all power and authority because He laid down His life for sinners to redeem Eve's Fall and Adams and Humanity, all inclusive. The Sickle in Leo symbolizes the coming Rapture harvest of the Church Age that has secure a Bride of the Son of GOD, etc.

The following are the main Stars of Leo and their prophetic Bible meaning that defines their attributes, destiny and meaning of the Messiah. Moshe Dayan entering the Lion's Gate in Jerusalem, Pentecost: June 7, 1967.

- Regulus** = treading under foot
- Denebola** = the Judge or Lord who cometh
- Al Giebha** = the exaltation
- Zosma** = shining forth
- Chertan** = the rib (As in Adam's Rib for Eve)
- Sarcam** = the joining
- al Asad** = the punishing or treading of the Lion.
- Aleced** = the judge cometh who seizes
- Al Dafera** = the enemy put down

Beginning End

As to the Rapture, it is stated clearly in I Thessalonians 14 that Jesus is coming back with a loud 'Shout'. With the Lion personification, this 'roar' inferred astronomically with the Super Flare in the constellation of Leo could be the precursor. The Super Flare occurred near the Star of Al Giebha which means, 'the Exaltation'. It is understood prophetically that at the time of the Rapture, the Bride of Christ will then be exalted to the Throne of YHVH. It will be the time of vindication and justification. Does this Astronomical Sign allude to the nearness of the coming and anticipated Rapture event?

'Treading Under'

Many are sensing the nearness of the Rapture event but it does appear that such Signs in the Sun, Moon and the Stars are becoming more frequent and pertinent to the Rapture event typology. As Signs go, the Sign is not the event but one that signals the event to come ahead. As to the timing? This is an unknown, however, it is amazing that if what one is reading into such an astronomical array of Signs, it would appear that it is in keeping with Bprophecy that the coming 'Shout of the King', the 'Roar', of the Lion of the Tribe of Judah is about to come to pass. It will be the call or 'shout' to assemble the Bride of Christ at the end of this Church Age as with the 'Sickle' of Leo to reap the harvest.

### THE CITY OF THE KING: JERUSALEM

The coat of arms of the city is a Boxing Lion. There is also the Lion's Gate, etc. It was from there that the city was liberated from the Muslims in the 6 Day War in 1967. In Virgo, the Lion is born from the Virgin as foretold by Isaiah that it would be a 'Sign' and the promise does reverberate from the contention the Woman would have with her 'Seed', at of the Messiah and the Seed of the Serpent. Leo is astronomically dominating the Star formation of Hydra under foot.
