

Fun at the Farm!

Hello, Year 1!

Hello, Year 1. I hope you are enjoying your home learning activities and spending lots of time with your families. This week's challenge is all about the Farm. I wonder if you have ever taken a trip to the Farm and what you might have seen or heard. I have attached a great link below for you to be able to see live Farm coverage. **What animals can you spot? What are the animals getting up to? You could have a look at different times of the day to see if what they are doing has changed. How many animals can you spot?**

- <https://www.folly-farm.co.uk/webcams/barn-webcam/>

For your challenge I would like you to ask your friends and family what their favourite farm animal is. I would love to see how you have chosen to record this. I have used a tally chart as you can see in the picture below. You may want to draw. I can see that sheep is the most popular animal and that duck is the least popular. Don't forget you can phone up your friends and family that are not in your household to find out their opinion. Have fun 😊

Miss M^cIntyre's tally chart!

Cow		3
Duck		1
Sheep		5
Pig		4
Goat		3
Donkey		3
Chicken		2
