

Town of Stratton
Special Selectmen's Meeting
October 26, 2023

Present: Selectmen: Al Dupell, chair, Larry Bills, Chris Liller, Greg Marcucci and Boomer Walker.

7:30pm: The Selectmen met as warned at the Stratton Town Office, and proceeded to the site – the intersection of Mountain Rd. and County Rd.. No modifications were made to the agenda.

Power Installation: Chris Liller outlined a proposed power installation by Green Mountain Power along this section of Mountain Rd., as had been discussed at the last meeting. The Board members agreed to set the following guidelines:

- 1) Any work performed in the Town Road right-of-way will be supervised by the Road Foreman.
- 2) New powerlines will have to be installed overhead of any existing box-culverts or any culvert that is currently 36" in diameter, or greater.
- 3) The Road Foreman will oversee repair and replacement of any culvert and any other issue regarding the project.

The Board asked that the Road Foreman determine an inventory of culverts that may need to be replaced or repaired soon, so to provide specifications for the contractors performing work associated with this project, within the roadway, including the road right-of-way.

Adjourn: The meeting adjourned at 6:30pm.
