CCTC Urban Tracking Test April 27, 2025 **Judge Laura McKay**

1 UTD and 1 UTDX

Test secretary Dwyn Tomlinson, Superintendent Stephanie McMahon, Tracking Rep. Wendy McCullough
Tracklayers; Maryke Warwick & Marie-P Babin

Judge Laura's car broke down so she was unable to come and judge our Urban Tracking test on April 27th
Marie judged instead. The UTD entry pulled from the test so we only had one UTDX dog in the test. Sorry to report the dog didn't pass this time. The wind gusts while tracking were very strong..
Definitely the smallest entry we've ever had.
I think the weather had lots to do with that. We've had so much snow and then the ice storm. Very few people would have been able to do some practices before the test.

CCTC Urban Tracking Test May 11, 2025 **Judge Marie-P Babin**

Test secretary Connie Gavin, Superintendent Stephanie McMahon, Tracking Rep. Wendy McCullough
Again, we only have one dog entered for UTDX.

Very sad to report that there wasn't a pass for our UTDX dog today....

The mysterious shadows of the CCTC Club members at the test today...

A few pointers...

When entering any event with CKC always add all the dog's CKC titles in their names.. (top levels earned)

If you're a tracklayer, make sure you have a personal article to scent in a Ziplock bag in case the entrants asks for a start article in Urban tests. It has to be either (leather or fabric)

Remember to thank your tracklayer, they are volunteers, they walk your track with the judge and then walk it again on test day for you...

When I was in public school, in the 1950's, I read a book called The Black Spaniel Mystery, written by Betty Cavanna (1945). The story was about two pure-bred "black spaniels" who were mistakenly swapped for two common spaniels, and the two kids who solved the mystery.

I was hooked and couldn't wait to get my own black spaniel. Over the years I looked at and discarded American Cockers and English Cockers for various reasons, and then I discovered the Field Spaniel in about 2005. I had to wait some more for the time to be right, so about 50 years after reading that book, in 2009 I went to Pasco, Washington to pick up Sammy.

Sammy was the most trainable dog I had ever owned (not too high a bar since I had previously owned two salukis and two German Shorthaired Pointers). Sammy was the first Field Spaniel to earn Canadian titles in Scent Detection, Barn Hunt, Dock Jumping, Parkour, and the first to pass an Urban Tracking Dog test.

He was the best traveler, starting with the drive/flight home from Washington state, and continuing with trips all over Ontario for various sports, as well as Syracuse NY for Barn Hunts, and Bernardston, MA for the Field Spaniel Specialty where he earned his AKC TD. He was no stranger to hotel rooms!

It was because of Sammy that I took up photography again, after a hiatus of about 30 years! Here are a few of the thousands of photos that I took of him:

We will always remember him as the little dog who could!
