

## DRIVE TIME LOGISTICS FOR SUMMER SESSION

We are a small but mighty staff and we promise to complete drive times as quickly as possible. We cannot promise all drive times will be completed in seven (7) days. We ask that students / parents remain flexible and available during the driver education session.

The first five (5) days (Monday – Friday, 9am to 3pm) will complete all classroom requirements. **Students must be available for exact dates and times of classroom sessions.** Drive times may be assigned after classroom, as late as, ending at 6:30pm. Saturday and Sunday of each session are assigned drive times, no classroom. These logistics are decided the night before each session begins, according to INSTRUCTOR AVAILABILITY. These logistics are based on staff availability per session and number of students enrolled per session. **We cannot preschedule or reserve a student's drive time before a session begins.** We will have a PICK UP sheet for parents on Monday morning (first day of session). This sheet will map out pick up times each day and indicates the day and time your teen will drive. Some students may not complete all required drive times during the seven (7) day sessions. In this case, we are on the phone with parents (AFTER your teen is in attendance) to setup any remaining drive times.

Thank you in advance for your patience and flexibility.
