

Safety Measures & Protocols for COVID-19

Safety Measures:

- All Safety Measures are designed to work in accordance with the latest guidance from Health Authorities. This is sometimes fluid, so we are prepared to continue to flex as guidelines change.
- We have been planning all summer to insure the safest fall programs possible, which includes our ability to assist in contact tracing if necessary. Scheduling and grouping will allow us to know exactly who has been in contact with whom throughout our programs.
- Ongoing sanitation of our equipment before and after each session will be ensured with a strong inventory of cleaning supplies on hand at all times.
- All Participants and Staff will sign a COVID-19 Waiver

Protocols:

- Training Groups will be limited to 12 participants as per county guidelines for all camps.
- Six or few players on a side at a time.
- Players will work with a specific coach(s) so as to limit contact with multiple people.
- Players will not make physical contact with coaches or other players.
- Players will have temperatures checked and will sanitize before entering the building and will sanitize again before leaving.
- If players are late to check in with their group, they must wait outside until a staff member can check them in per protocols.
- Players will enter through a dedicated entrance to the gym, and exit through a separate dedicated exit to the gym.
- Please arrive no less than 15 minutes before your session begins to allow time for check-in. 6-Foot Social Distancing will be observed when entering the building for check-in.
- Players will not bring anything but water bottles into the building. If possible, players should avoid using the restroom. Water fountains will not be available.
- Coaches will wear masks. Players may or may not be required to wear masks. This will be specifically dependent upon the latest health department guidelines for indoor camp activities. Please be prepared to have your player wear a mask.
- Parents will not enter the building. Parents are also asked not to congregate in groups outside the building.
- All staff and players/families will sign the new COVID-19 Waiver. Players are not allowed in the building until the waiver has been emailed to EBVA staff. The waiver includes an agreement for families to alert EBVA to any past or future exposure to the coronavirus.
