

GATES OF THE HEAVENLY PARADISE II

This illustration suggests that 2 squares can be placed side by side and it appears to match the length between each Strait or 'Gate'. Moreover, this unique correlation of the size of the squares correlates to the exact dimension of the *New Jerusalem* borders as described in the last book of the Bible, *Revelation*. This 2-square layout is reminiscent of the *Tabernacle of Moses* in how the geometric layout on Earth was construed also of 2 equal squares and it was a facsimile of the true one in Heaven. Within the center points of each square was the *Altar of Burnt Offering* outside the *Tent of Meeting* and the *Ark of the Covenant* within the *Tent of Meeting*. This *Tabernacle of Moses* blueprint is suggested to also mirror that between the *Celestial Gates* as well. If one approximates the proportion from the *Golden Gate* to the *Silver Gate*, some amazing correspondences emerge.

Interestingly this is where the 'Bee Hive' or the Assembly of the Congregation is situated at. This speaks of the place of YHVH's Throne and Presence wherein, it is as a Pavilion or a place of covering and protection where the Bride of Christ will one day be called to co-rule with Jesus Christ. It is also reminiscent of the typologies as found in *Révelation* of how the 24 Elders representing the Assembly of the Congregation are called and are seated about the Throne Rome of the Creator YHVH and the Lamb of GOD, Jesus Christ. Thus this study further suggests that the entire expanse from Strait-to-Strait on Earth mirrors the 'Celestial' Tabernacle of YHVH that appears to thus also encompass the celestial expanse of Stars from the Gate of GOD and the Gate of Man, which are the Golden Gate and the Silver Gate respectfully.

Moses Earthly Tabernacle

The subsequent Tabernacle furnishing of the Menorah and the Table of Bread corresponds to the constellation of Leo. This is the Royal Sign and Royal Star that is ascribed to the King of the Universe, Jesus as He is the Light of the World and the Bread of Life. Lastly there is the Ark of the Covenant within the Holy of Holies. This portion of the cosmos would thus correspond to the constellation of Cancer.

For example, the center line that divides the 2 equal squares corresponds to the delineation line between Leo and Virgo that begins and ends the Mazzaroth or Zodiac. As Ophiuchus and the Golden Gate correspond to the entrance to the Heavenly Tabernacle, the Altar of Burnt Offerings corresponds to the constellation of Libra. As noted before, the ancient renderings of the Mazzaroth had Libra as an Altar. Then the constellation of Virgo that represents the Laver of Washing and how in the Bible, it states that Christ is washing the Bride of Christ with the washing of the water with the Word.
