

Finding & Creating Drama in the Landscape

November 10-11, 2023

April's Art House, Carthage, Missouri

9am-4pm each day w/Lunch provided

Finding beauty and drama is one of our challenges as artists. This workshop presents keys to finding and creating excitement in studio or plein air landscapes. Learn to simplify what you see and build strong compositions with values, edges and detail – and creative approaches to block-ins and brushwork. Whether you are new to painting, or you've been painting for years, this workshop has something for everyone. For acrylic and oil painters, each day begins with a short teaching and demonstration, then the participants work on their own painting with plenty of one-on-one instruction. Weather permitting, we will do some of this workshop outdoors, along the river next to April's Art House.

Cost: \$225

To reserve your spot, text Farley at 417-773-1175, or talk with April Davis at 417-358-6329.
