

BOARD HAPPENINGS

January 2018

- Programming
 - Our current programs are going well. We are working with CNCC about potentially adding space to make sure all our offerings are under one roof. Except of course Pickleball.
 - The CNCC/SSC sponsored yoga class filled up and there is a waiting list!
 - Swimming
 - There is a van going to Meeker Rec Center 2 times/week. If you are interested, please contact Jackie at 970.326.3188 for more details.
 - We are in discussion with the City of Craig and NWCH to again sponsor the summer water aerobics. Look for more details in the next few months.

- Opportunities
 - The Advisory Board is looking for volunteers to help guide the future of the SSC. If you are interested in volunteering on this committee, please contact Jackie for more information.

- Upcoming events
 - Thursday, February 15th from 4-5:30pm will be our next Quarterly Membership Meeting. We will have a social mixer from 4-4:45 and education from 4:45-5:30pm. The education focus will be on Heart Health in honor of February – American Heart Month.
 - Our next board meeting will be an executive work session. We will be reviewing and updating numerous policies and procedures, our by-laws, and our strategic plan. This is an exciting time for our organization and we want to ensure we are moving in the right direction – meeting the needs of community.

- Sponsorship
 - Memorial Regional Health representatives presented a proposal to the Board to become a sponsor of our organization. The Board unanimously approved this and we are very excited. What does this mean?
 - We maintain total autonomy and will continue to function as usual.
 - They will promote our programs and highlight our organization.
 - They will assist in our educational offerings with staff members who have particular expertise.
 - Please feel free to reach out to any of the Board members if you have questions.

We thank you for the opportunity to serve you!

Kathy Fagan

Board President
