

LETTER OF RECOMMENDATION

For: **C&L Construction**

To Whom It May Concern,

Please accept this unsolicited letter as my highest recommendation of the construction firm, C&L Construction Company. My wife and I had the pleasure of having C&L Construction remove the worry and time-consuming process of rebuilding a home from a house fire. While major rebuilding is inherently stressful for almost any homeowner, we were able to rely on C&L Construction to provide us with their expert recommendation while applying our concerns in the building process.

C&L Construction has demonstrated a professional and ethical caliber during the time of rebuilding my home because of our house fire. The scope of the work was to re-build the entire house by moving walls to expand areas, increasing the size of rooms, new plumbing and electrical, windows, roofing, concrete, stucco, carpet, kitchen, bathrooms, and more. Removal of smoke damaged areas and eliminating the smell of smoke on our premise was accomplished.

Understanding that it takes highly qualified personnel to maintain good relationships, C&L Construction has provided exceptional staff that stays involved and accessible throughout the project.

C&L Construction is truly a firm that I would recommend for your home building needs.

If you need further information, please call.

Sincerely,

Bill and Pam Gibbons

A very satisfied homeowner
