

# Give a gift that makes a difference.

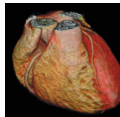

This holiday season, give your loved one the gift of good health—a cardiac calcium scoring exam—a test that can detect early heart disease.

Most of us have a spouse, a parent, a sibling, or a friend who smokes, has high blood pressure, or a family history of heart disease. We worry about them, and we urge them to make changes in their lifestyle. But, what if we could do more?

**This holiday season, you can.** Gift certificates for a cardiac calcium scoring exam are available for purchase at CaroMont Imaging Services and Gaston Radiology. The exam is inexpensive and can be completed in thirty minutes or less without a physician referral.

**So, give a gift that makes a difference. Give a gift that can change a life.**

For more information, call CaroMont Imaging Center at 704.671.7730.
