

# RAPTURE ASTEROID WHEAT HARVEST

The purpose of this illustration is to depict what was shown in a Video that shows Comet, C/2021 P4 Atlas and 2 Asteroids approaching the Constellation of Leo. When? July 23, 2022. Seemingly, such occurrences may not be significant or noteworthy in themselves, but if Conjoining, then the Names, Places and Dates associated with this Astronomical Converge strongly suggests Significance. This is the Findings of a Couple, Patrick and Christina from Las Vegas who posted the Celestial Convergence in Leo on their YouTube Channel, HourlyWatch. After reviewing the Video Clip, one is convinced that it is a Bonafede Rapture Sign. The Video Presentation showed how an Asteroid, not a Comet, named Yeshuhua is headed for the King Star in Leo, named Regulus. It also is being accompanied by another Asteroid in front of it, that is called Adorea. According to the McClintock and Strong Biblical Cyclopedia, Adorea comes from the Word, Ador. This is in reference to 'Wheat'. It has its origins in Ancient Latin wherein Cakes were made and offered as 'Adoration' or Praise to the Gods, etc. So, you have 2 Asteroids, 1 named 'Yeshuhua', from a close derivation of Yeshua. And then you have the accompanying 2<sup>nd</sup> Asteroid named Adorea, for Wheat. And? They are headed, as mentioned to the King Star, which Patrick noted is considered the Handle of the Sickle. What Sickle? If one looks at the Celestial Motif Outline of the Constellation of Leo, it does bear resemblance to a Lion. However, in its Star Outline, the most Prominent Feather is the Head and Chest. Combined, they form a 'Sickle' Like Motif. And this is then Prophetically Significant as to the Timing of the Rapture. Most definitely, one would concur that this Celestial Event echoes the Biblical Motifs of a Summer Wheat Harvest by none other than the King, from the Tribe of Judah that has Overcome.

The following are the main stars and their prophetic meaning that defines the attributes, destiny and meaning of the Messiah.

- Regulus = treading under foot
- Denebola = the Judge or Lord who cometh
- Algieba = the exaltation
- Zosma = shining forth
- Chertan = the rib (As in Adam's Rib for Eve)
- Sarcam = the joining
- al Asad = the punishing or treading of the Lion.
- Aleced = the judge cometh who seizes
- Al Dafera = the enemy put down

### LORD OF THE HAVERST

The word is the root for Regal, Royal and that of majesty and kingly demeanor. Leo is the constellation of the King of the Universe and it contains at its 'Heart', the Star of the King. Revelation 5:5 foretells of a time when Time concludes and the Judgement Day comes. It will be none other than this 'Lion of Judah' that is the only one worthy to Break the Seals of the Scroll and pronounce its Righteous Judgements. This 'Lion' of Judah is a Man, Jesus that became Human, Died and Resurrected to qualify as He had no sin. He is given all Power and Authority because He laid down his life for Sinners to redeem Eve's Fall and Adam's.

# SUPER FLARE AD LEONIS - GLIESE 388

## THE RAPTURE ROAR OF THE COMING KING?

The purpose of this illustration is to consider the prophetic ramifications of the 'Lion's Roar' Super Flare phenomena that is occurring in the constellation of Leo. The finding was made by some Japanese astronomers who recorded a Super Flare erupting on a Sun about 20x bigger than Earth's Sun. The Super Flare occurred, in the Star or Sun called AD Leonis. It is also called Gliese 388 in the constellation of Leo, the Lion close to the Star Algieba. This activity was detected by the Seimei Telescope on Okayama Mountain west of Kyoto. Such a phenomena was the first ever recorded and described. Based on science so far observed, a Super Flare occurs near the sunspots that cause a sudden flash of increased brightness. In some cases, a Coronal Mass Ejection CME can occur that then forms massive magnetic storms. To get a size comparison to regular Sun Flares from Earth's Sun, a Super Flare is estimated to be 10,000 times more powerful and massive. This Super Flare occurred in the area of the Lion's 'neck' or what others who study the meaning of the constellations call the Sickle. However, one who studies the End of Days wishes to present a possible prophetic significance of this finding in the context of Biblical significance and possible interpretation. Every constellation explains a facet of this Plan of Salvation and in the case of the constellation of Leo, it is a metaphor, a euphemism for the 'Lion of the Tribe of Judah'. The question is, does this depiction astronomically portray the 'Shout' that the coming and anticipated Rapture event is to take place with?

Yeshua ben Joseph and Yeshua ben David.

Astronomically, there are 3 constellations ruled by Leo that completes this picture of prophecy and the Genesis 3:15 issue.

1. Hydra = Old Serpent destroyed by the Lion.
2. Crater = Cup of Divine wrath poured out upon Serpent.
3. Corvus = Bird of prey devouring Serpent Enemy.

The Mazzaroth is the answer to the age-old Riddle of the Sphinx. In the Sphinx is the coded 'Alpha and Omega' of Leo and Virgo. Leo or the Lion of Judah that is spoken in the Old Testament is concluded in the New Testament's last book, that of Revelation. The last book of the Bible portrays the Lion of Judah or 'Leo' treading upon a Serpent, Lucifer. His feet are over the head of Hydra, the great Serpent, and just about to descend upon it and crush it. This echoes what YHVH foretold would occur as Messiah would crush the head of the Serpent, Lucifer at the Cross of Calvary. However, this 'Lion of Judah' first had to come as 'Lamb of GOD' to atone for the sins of Eve and Adam, as the Serpent 'bit' the heel of the Savior through Death at the Cross of Calvary, etc.

For the Lord Himself will descend from heaven with a Shout [roar], with the Voice of an Archangel, and with the Trumpet of God, and the dead in Christ will be the first to rise. After that, we who are alive and remain will be caught up together with them in the clouds to meet the Lord in the air. And so we will always be with the LORD.

The Sickle in Leo symbolizes the coming Rapture harvest of the Church Age that has secure a Bride of the Son of GOD, etc.

The following are the main Stars of Leo and their prophetic Bible meaning that defines their attributes, destiny and meaning of the Messiah. Moshe Dayan entering the Lion's Gate in Jerusalem, Pentecost: June 7, 1967.

Beginning End

As to the Rapture, it is stated clearly in I Thessalonians 14 that Jesus is coming back with a loud 'Shout'. With the Lion personification, this 'roar' inferred astronomically with the Super Flare in the constellation of Leo could be the precursor. The Super Flare occurred near the Star of Algieba which means, 'the Exaltation'. It is understood prophetically that at the time of the Rapture, the Bride of Christ will then be exalted to the Throne of YHVH. It will be the time of vindication and justification. Does this Astronomical Sign allude to the nearness of the coming and anticipated Rapture event?

Many are sensing the nearness of the Rapture event but it does appear that such Signs in the Sun, Moon and the Stars are becoming more frequent and pertinent to the Rapture event typology. As Signs go, the Sign is not the event but one that signals the event to come ahead. As to the timing? This is an unknown, however, it is amazing that if what one is reading into such an astronomical array of Signs, it would appear that it is in keeping with Bprophecy that the coming 'Shout of the King', the 'Roar' of the Lion of the Tribe of Judah is about to come to pass. It will be the call or 'shout' to assemble the Bride of Christ at the end of this Church Age as with the 'Sickle' of Leo to reap the harvest.

### THE CITY OF THE KING: JERUSALEM

The coat of arms of the city is a Boxing Lion. There is also the Lion's Gate, etc. It was from there that the city was liberated from the Muslims in the 6 Day War in 1967. In Virgo, the Lion is born from the Virgin as foretold by Isaiah that it would be a 'Sign' and the promise does reverberate from the contention the Woman would have with her 'Seed', at of the Messiah and the Seed of the Serpent. Leo is astronomically dominating the Star formation of Hydra under foot.

# TOTAL ECLIPSE OF THE HEART

The purpose of this illustration is to consider the astronomical alignment of the *Great American Eclipse* on August 21, 2017 as it focuses on the constellation of *Leo*. The total solar eclipse will be eclipsed by a 'Black Moon' on that day. As the American nation awakens to this eclipse, the morning will turn to darkness that many are correlating it to a spiritual darkness no less. It is estimated that over 200 million American will be able to witness this 'Great American Eclipse' and all of the 350 million Americans will be within 600 miles of the eclipse line of totality. As the sky becomes dark and the stars come out, 5 of the 6 luminaries visible from Earth's point of view will be seen: 1) Mercury, 2) Venus, 3) Mars, the 4) Sun, 5) Moon and 6) Jupiter. Oddly enough, the only visible planet not 'in the picture' is Saturn. This planet will be 'stomped-on' by *Ophiuchus*' foot if one considers a spiritual application and typology. Thus, is the Creator spelling-out that the message for American is war? However those that have followed and studied the 'Sign's in the Heavens, would see this as a harbinger of judgment as the peculiarities associated with this one heavenly sign is replete with 'coincidences'. Triple conjunction of *Mars-Eclipse-Mercury* at *Regulus* speaks of conflict and war to come. Now will that be concerning the USA? Realize that the USA has been in constant war and existed off a war economy. Yet does this alignment of the eclipse with Mars in the façade of *Leo* gesture that war ill come to the USA?

Carbondale takes its name from Carbon. The chemical element Carbon with symbol C and comprise what humans are made out of. Carbon has 6 neutrons, 6 protons and 6 electrons thus a 6-6-6 typology and encryption.

From Cedar Lake were the 'X' marks the spot with the 2014 eclipse is approximately 6.66 miles to Carbondale.

Interestingly the days between the 2 crossing eclipses are 2423 days or 666% of a common year based on 360 day/year.

## 10 REASONS WHY THE NUMERICAL FACTOR OF 33

found associated with this 2017 *Great American Eclipse* could very well be prophetic.

- 1 - Eclipse enters through the 33<sup>rd</sup> state, Oregon.
  - 2 - Eclipse exits at the 33<sup>rd</sup> latitude just north of Charleston.
  - 3 - Eclipse occurs 33 days out from the Great Sign of Revelation 12 on (9-23)
  - 4 - The Moon will be approximately 239,000 miles away during eclipse (9-23?)
  - 5 - Sun rises to a darkness with a 'Black Moon' that occurs only every 33 months.
  - 6 - Venus will be 33 degrees at an angle from the eclipse of the Sun.
  - 7 - Eclipse last occurred 99 years prior, a factor of 33+33+33.
  - 8 - The average shadow width (170-70 miles) will be 66 miles 33+33.
  - 9 - August 21 is the 233<sup>rd</sup> day, 2-33.
  - 10 - Trump's 1<sup>st</sup> day in Office Jan 21, 2017 to Aug 21, 2017 = 7 months exactly or 30 weeks, 3 days (33) with end day included.
- At point of Greatest Eclipse, the speed of the eclipse will be 2323 mph/33 = 40 (judgment).  
 - August 21, 2017 is Elul 1, which means 'Harvest'.  
 - April 8, 2024 is Nissan 1, is the Religious New Year  
 - From point of Totality, 33° heading to Georgia Guidestones  
 - Charleston is home to 'Mother Lodge' of 33° Masons

# HIDDEN CHAMBERS OF THE SPHINX

## CHAMBER ALIGNMENT PATTERNS BASED ON LEO'S STARS

The purpose of this illustration is to Astronomically corroborate that there exists possible Hidden Subterranean Chambers under the Sphinx in Giza, Egypt. This Theory has existed for a while, however this study presents the Correlation that the possible location of the Hidden Chambers are pegged to the Constellation Stars of Leo. The Sphinx is a composite of the Mazzaroth or Zodiac of its Beginning and End, that is starting with Virgo and concluding with Leo. For this reason, the Head is that actually of a Woman and the Body of a Lion. The Hidden Chamber would be below the front Paws. They correspond to the 'Heart of the Lion', the Star Regulus. It is the King Star Chamber that it is where supposedly the 'Lost Knowledge' and Records of Atlantis are stored. It is theorized that the High Priests of Atlantis transported the Annals of Atlantean Technology to various other Sacred Sites around the World. The 2nd chamber corresponds to the Hind Legs of Leo and larger in size. The approximate height appears to correspond to a Year 2022 as it is 22.22 Meters tall, to include the Head. What is rather interesting is that the Line of the Ecliptic, which Regulus is on, can be drawn vertically from the 'Regulus Chamber' to the top level of the supposed Hind Leg Chamber. The whole Length is in approximate Phi Ratio. The Sphinx is part of the Great Pyramid Complex that some have researched to suggest it is a huge 'Cosmic Clock' that keeps track of the Precession of the Equinoxes. The Sphinx serves as the 'Small Hand' of the Clock. It is pegged to the Solstices and Equinoxes.

### HEIGHT OF 22.22 METERS = YEAR 2022?

In terms of the Length, one would rather suppose that due to the many Renovations been made to the Sphinx, additional Material has been accumulated that have obfuscated the true Measurement. For example:

If the True Length was 71.22 Meters (233.66+ Feet)  
if Add 233 + 322 = 555.  
If Multiply 223:  $2 \times 3 + 3 \times 2 + 3 \times 2 = 666$

$20.22 - 71.22 = 51$  (51° is the Angle of the Great Pyramid)

If take 2022 Year x 71.22 Meters = 144,000  
or 2022 Year / 144000 = 71.2+ Meters

This is the exact Number of those who are given the Mantle of Testimony and Dispensation after the Rapture and End of the Church Age. Will 2022 be then that the Transference of the Witness of Jesus goes from the Church Age to Israel occurs?
