

The Dance Studio covid-19 procedures

1.) Please enter the studio door with the designated color for your Class.

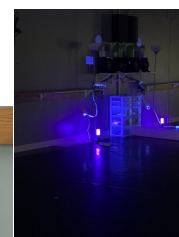

2.) Once dancers enter the build, we ask they place their shoes in the shoe rack, dancers will take their belongings into the studio with them.

3.) A teacher or staff member will then take your dancers temperature and the dancer will sanitizes and enter their class.

4.) Once the dancer enters the studio, they will place there belongs along the wall at designated stations. Each station has a mask hook and a place for bags, Water, bottles and belongings. All Students will have at least 6 foot social distancing while dancing .

5.) The Studio has add additional safety measures to ensure the dancer A safe class experience, Air purifiers to clean the air during class and UV light sanitizers to clean the air in between and after classes.

6.) The Dance Studio has become high tech!! We have add virtual screens for virtual classes. They are set up so dancers can feel like they are in the class. We will also have classes on video for dancers to do at home (Videos are by request only, please notify the instructor/ studio) The studio also has a new app, check it out at the app stores.

7.) The staff and faculty is constantly working to advance the learning quality of our students experience. We are creating a space to honor their achievements on our faculty board and on our website.

 ***IT'S TIME TO DANCE!!***
