

2021 John Kreslin Scholarship Fund

August 26, 1983 – August 30, 2002

While many young people are making positive choices, the fact remains that underage drinking and illicit drug misuse is a serious problem. There are many risks associated with the use of alcohol and drugs: Alcohol poisoning, overdose, motor coordination, impulse control, memory loss, judgment, and decision-making capacity.

While academics, athletics, and community service are very important characteristics of well-rounded individuals, I believe that more focus needs to be placed on building good relationships with our peers.

As your parents launch you off into a new world of challenges, choices, and decisions, how will you focus on building those relationships to ensure positive decision-making through your entire college experience?

Requirements

The John Kreslin Scholarship Fund is proud to award three \$1000.00 scholarship to qualifying Illinois seniors.

Students must submit a 650-700-word essay.

1. Please describe your most significant experience with drugs or alcohol and how it influenced your teenage years.
2. How will you build positive relationships to help ensure a healthy, safe environment for success through your college years?

Eligibility

1. The student must be an Illinois high school senior and have applied or been accepted to either an accredited 4-year university or a 2-year community, junior, or trade school/college.
2. Students must have a C average or greater.
