PAYMENT OF REGISTRATION FEE

On submission of your application a **Registration Fee of SR 9,000** is required. This is a one-off fee which places your child on the Waiting List, it does not guarantee a place in the school. Should your child obtain a place at BISAK this fee is not part of the tuition fees, these are additional.

If the child has **not** undertaken the Entrance Assessment the full Registration is refundable.

If you wish to withdraw from the waiting list and your child has undertaken the Entrance Assessment administration charge of **SR 1,500** will be deducted from the Registration fee.

If the child has been assessed and offered a place in school the Registration fee is non-refundable.

WAITING LIST

Because of the demand for entry into BISAK we have a Waiting List System. Your Registration Fee of SR 9,000 places your child's name onto that waiting list.

The school follows a priority system when offering places to those on the waiting list as follows:

- British passport holders.
- Chronological order by date of the registration fee paid.

ASSESSMENT

Following Registration and **when a place becomes available** the Registrar will contact you to organise an entrance assessment.

ALL children must come to BISAK for this assessment.

Children seeking to enter the Pre-Preparatory School (children aged 3-5 years), are assessed throughout the year if places are available. Prospective pupils will be invited to attend an age appropriate class for a morning for observation.

Standardised age appropriate assessments in English and Mathematics are taken by prospective KS1, KS2 and KS3 pupils. Class teachers will also carry out a class room assessment as part of the admissions process. This along with the results from the entrance assessment will be referred to the Head of School for the final decision on admission.

Pupils entering IGCSE will be assessed on their ability to obtain a pass grade at IGCSE. At this stage of their development we do not offer vocational alternatives for pupils who are not able to obtain a pass grade. Pupils entering in the middle of the IGCSE programme will be assessed according to previous subjects taken. This will usually involve an interview with the Head of Senior School before an offer can be made.

These assessments are just one stage in the admissions process. We also take into account previous school reports and parents are asked to provide evidence of previous school records when they first visit the school. No child will be accepted into the school unless copies of the most recent school reports are provided. For pupils with learning difficulties, a psychological report should be provided.

The school will always place children into an age appropriate year group. Our policy on twins is that we prefer to teach them in separate classes. However, if the rationale is appropriate, we will consider cases on individual merits.

ACCEPTANCE

Once the assessment process is complete, and requirements are met for entry into BISAK, the school will contact you within one week to offer a place for your child in an age appropriate class.

INVOICE FOR TUITION FEES

Once you have agreed to accept the offered place the Finance Office will raise an invoice for the full term fees. Payment methods and due date will appear on the invoice.

(Half term fees)–Pupils who commence school after half-term will pay half the term’s fees. Half-term is defined as either Week 8 (not including Eid) in Autumn Term OR the half-term holiday in Spring and Summer Terms.

FEES

Please see the separate School Fees documentation. A copy is available on the School’s website www.bisak.org.

EXCURSIONS/FIELD TRIPS

All school trips require permission from the parents/guardians of the pupil. A waiver/permission note will be sent for every external event. School excursions or field trips are organised with the highest expectation for the pupils’ safety and education.
