The purpose of this study is to highlight a Key Celestial Occurrence in the Heavens called the Star of David Planetary Alignments. The focus of the Timeline presented will be from the most recent Occurrences in our Modern Time. Starting from 1990 to 2013, these peculiar Planetary Alignments seem to be clustered. In particular, since 1990, 13 Star of David Configurations occurred and led-up to the Tetrad of 2014-15. The 13th Occurrence was the 'last one' that led-up to the Tetrad of 2014-15. The Date Range from July 22 - August 26, 2013 saw the 13th Alignment as a 'Twin' Occurrence with a 2nd Alignment happening on August 26, 2013. The Time Difference from the 1st 'Twin' Star of David that occurred in 1996 to the 'twin' Star of 2013 was 17 Years. What was somewhat similar was that the Twin Star of 1996 to the Tetrad of 2003 was 7 Years.

After 2013, there will not be another such Configuration of the Star of David Alignment associated with a Tetrad for another 100 Years or so. The Star of David Alignments appears to follow a 'Countdown' Sequence or Frequency. It very much appeared to be like the Total Solar Eclipses that occurred consecutively on the 1st of Av in 2008, 2009 and 2010. Those 3 Consecutive Eclipses appeared to signal the 'Countdown' to the a 7-Year Solar-Lunar Pattern. It appeared that this same Principle or 'Astronomical Law' was at work here, with the Star of David Alignment Pattern and Symmetry. The Pattern likewise suggested a sort of a 'Cosmic Countdown', perhaps highlighting the Tetrad of 2014-15. As to 'Who' or 'What' Event the Countdown is specifically referring to? That will remain to be seen. Based on the Research of Charles Webb, such 'Cosmic Hexagrams' had to do with the Birth of Jesus Christ, of Royalty and thus, a Factor to note.

Perhaps these Star of David 'Signs' in the Heavens could be a Countdown to a Birth of a 'King'. Such a pattern could be signaling the coming End of the Church Age even with the Rapture. It could be the coming New World Order, the Rise of the AntiChrist, World War 3 or a Combination of all the above and more. For the purposes of this study, only a better Understanding of the Star of David's Numerology and Patterns will be presented and considered. Students of Biblical Prophecy can tell though, that Scripture is very clear. as to what is coming specifically in the Last Days; the Rapture, Sudden Destruction, Chaos, the AntiChrist, War, Disease, Death, the Return of Jesus Christ, etc. Perhaps all these Events are already 'Written' in the Stars through such Clues to be found in the Solar-Lunar Eclipses Patterns, the Comets and Star of David Planetary Alignments; many would agree, as others would not. Perhaps, but for Context, the following items will also be illustrated. The Pattern of all Total Lunar Eclipses since 1989 to 2013 will be plotted onto the Star of David Timeline.

'Star Wars'

It appears that various Total Lunar Eclipses or Blood Moons provided some Spectacular Symmetry as well corresponding to the Start of David Configurations and Frequency that lead-up to the Tetrad of 2014-15. The Tetrad of 2014-15 did correspond to certain Jewish Feasts. According to Research, this particular Tetrad was the 8th since Jesus Christ or 7th depending on the Start Date. What was peculiar about these Tetrads, is that they had all the 4 Consecutive Total Lunar Eclipses corresponding to the Jewish Feast Days of either Passover or Sukkot-to the very Day. A detailed construction of the 13th Star of David Planetary Alignment will be illustrated in the Chart accompanying this study. The corresponding Heavenly Bodies, at each Coordinate and Sign of the Zodiac will be noted on an Astrological Chart as well.

For Context, the Astrological, Sidereal and Tropical Zodiacs will be illustrated along with the 4 Cosmic Star Cardinal Points. The 4 Cardinal Stars are in the Constellations of Scorpio, Leo, Taurus and Aquarius. These Constellation Signs also correspond to the 4 Living Creatures that surround the Throne of YHVH in Heaven, as described in the Bible. From Biblical Text, they are known and recognized as the Man, the Eagle, the Bull and the Lion. The corresponding Star for each Sign is Fomalhaut, Antares, Aldebaran and Regulus. When a Star of David Alignment occurs, it is not actually configured that way in the Heavens as the actual Star of David Symbol because of how one sees the Alignment from the vantage point in the sky, from Earth. How it translates from one's Vantage Point, is a 'T' or Cross Configuration of the Planets.

What was interesting to note about this Star of David pattern was that 3 of the Star of David Planetary Alignments since 1990 are considered to be what one calls 'War Stars.' This Term is ascribed to them because Major Regional Wars quickly broke-out shortly after their Appearances in the Heavens. In the Decade of 2000-2009, one had 'War Stars' occur in 2001, 2002 and 2007. The last one, being the 13th Star of David, was predicted to be a 'War Star'. What that may have meant was that if this Star of David Pattern is valid, from prior Correlations to War, then perhaps the decade will see the current Major Regional World Conflict escalate to Major Military Confrontations. This could very well mean that it will involve a Multi-National Coalition of Nations, as no doubt the Epicenter will be the Middle East with the unresolved Muslim-Jewish Conflict.

To reiterate, this Star of David Symbol is only construed when plotting the Coordinates of the corresponding Planetary Alignments onto an Astrological Chart. The actual Star of David Symbol cannot be seen as a 'Hexagram' in the Sky from Earth's Perspective without Sky Software Models. However, there are Cosmic Coordinates that exist that do configure an actual Star of David Symbol in the Cosmos. Most Astronomers, as well as Astrologers do recognize this to be True. There are 6 Cardinal Points or Stars in the Zodiac or Mazzaroth that approximates an actual Star of David Symbol in the Heavens. These Stars are in Aquila, Cetus, Arcturus, Regulus, Sirius, and Eridanus. The listed Events surrounding the Celestial Configuration of the Stars of David are only noted as they occurred within 2-3 Years before and after the Alignments, primarily affecting the USA and the world at large. The Main Reason why the USA is interjected more so than any other Nation, is that presently, the current Luciferian 'Order' is within the USA.

Star of David Configuration Dates

Currently the 'World Order' is the USA as the 'Phoenix' that is soon to be taken down. It is planned to be consumed by itself as a 'Ouroboros', so it can give rise, out of the Blood and Ashes, the birthing of the New World Order 'Phoenix'. In some cases, these Listings are only 'Suggestive' and encompass the Years prior and after the Celestial Configuration, as possible Links to such Alignments for your Consideration. The Star of David Alignments appears to have definite Numerical Patterns with corresponding Symmetry to other Star of David Alignments and with the Total Lunar Eclipse Patterns.

5776 Year in Jewish calendar and the Luciferian 'Year of Light'

The Star of David Cluster started in August 1990 to September 2001. It had an identical and Symmetrical Proportion of Time. The Mid-Point had an incredible 'Twin' or 2 consecutive Star of David Configurations, the 4th and 5th ones that occurred in September and October of 1996. These 2 or Twin Star of David Alignments seem to have served as sort of a 'Fulcrum' within the Timeline presented. From Observation, the 13th Star of David Planetary Alignments appeared to be a clear Countdown to the Tetrad of 2014-15. If this is the case, for one, it made the Tetrad of 2014-15 a Phenomenon like no other Tetrad Occurrence. In Biblical Prophetic Perspectives, the Time or Season in which the Tetrad occurred, witnessed within about 2-3 Years, the 70th Year Anniversary of the Birth of Israel. It was also within the 50th Year Anniversary of the Recapture of the Temple Mount of Jerusalem by the Jewish Nation.

Pattern and Frequency

Continuing in the Timeline, after the Twin Star of David Fulcrum Time-Marker, there was a Spectacular Sequence in Increasing Frequency. There were 3 Pairs of Stars of David, the 7th and 8th, 9th and 10th, 11th and 12th, that begin the 'Countdown' with increasing Frequency. The Stars of David got closer to each other, specifically starting with the 9th and 10th Configurations. The 2nd Half of the Star of David Pattern seems to have had a Pattern of its own. This Frequency Sequence led-up to the singular 13th and 'Last' Star of David Configuration before the Tetrad of 2014-15. It was like a Celestial Drum-Roll. Could this Celestial Resonance be corresponding to the Frequency like that of a 'Labor Pain' Jesus Christ warned about would characterize the Last Days before the End of the Church Age or the Christ's return? Perhaps.

According to a Generic Description of a Woman's Labor Pains, the Contractions become more intense and closer together, in terms of Frequency leading to the Birthing. The Star of David Alignments in the Heavens perhaps are just mirroring the Pattern of actual 'Labor Pains' the World, the Earth, the Creation are currently experiencing. If one is current in the Real News of the Day, one cannot help but acknowledge that the World, Earth and Creation are Groaning; Groaning for the Resurrection and 'Rapture' of the Sons of God many would say, as described in Romans 8:22. No doubt, the State of the World is fast approaching a Point of Critical Mass of a 'Birthing' to come and Deliverance. For those that speculate that the Rapture of the Bride of Christ might possibly be corresponding to what is going on in the 'Signs' in the Sun, Moon and Stars, the Pattern of the Star of David from 1990 to 2013 does appear to be plausible 'Signs'.

Whether it might lead to the Timing of the Rapture, will remain to be seen. Perhaps the Profound Association with the Tetrad's Jewish Feasts of 2014-2015 meant that Israel will be the focal point in YHVH's Time-Table after the Rapture. Perhaps the Star of David Patterns are indeed signaling a 'Birth' to occur of something as Prophetic as the Rapture or the Rebuilding of the Jewish 3rd Temple or the coming of the AntiChrist Prince. Perhaps there is a 'Birthing' in more ways than one, to likewise consider. Eschatologically, some Bible Researchers do believe that there will be several 'Birthings' that can be ascribed to in the Last Days. There is the 'Christ-Image' within Believers of Jesus Christ that is forming, much like a Gestation Period of a Pregnancy, as the Apostle Paul describes in Galatians 4:19, Metaphorically. Believers are waiting until 'Christ is Formed, i.e., Birthed in you'.

This spiritual process is called the Sanctification of the Believer. This Stage in the Present Time can be viewed in terms of a 'Pregnancy' or the Cocoon Stage of a Butterfly, Spiritually Speaking. Nonetheless, it does involve an Intense Labor; a Labor of Love, of Joy but mingled with Pain and Suffering along this Journey of Faith. A Disciple of Christ strives to have this Work of Sanctification by the Holy Spirit completed or come to Full Term or Gestation. This is worked-out in a Disciple's Life until the Time of Death, which will coincide with, either the Resurrection and/or Rapture. This Principle can also be applied in a Corporate Sense, i.e., to the Bride of Christ. Corporately, once the Collective 'Bride has made herself Ready', the Bride will be presented to Christ. She will be Delivered or 'Birthed' at the Time of the Resurrection and Rapture.

Birth Pangs and a Delivery

If the Rapture is to be seen as a Transition or 'Birth', perhaps it might very well coincide with the Sudden Destruction that Jesus Christ spoke about, would come upon the World as a 'Women in Labor'. Is this now, not being seen in the World? Then there is the 'Birthing' of the New Age that the Luciferians, Occultists and ANTI-Christians are expecting at some Point in this very Generation. They believe that their 'Mother Earth', Gaia, is 'Pregnant' and is about to give Birth to their New 'Consciousness' or New World Order. Their Rationale though has a Sinister Plot in that the Earth has to 'Cleanse' itself before Humanity can Leap into the Next Stage of its 'Evolutionary' Quest to 'Godhood'.

What this translates to, is that certain People, mainly Professing Followers of Jesus Christ, need to be taken out-of-the-way, Eliminated. Gaia has to 'Shed its Skin' like a Snake; a very fitting depiction of Lucifer's New World Order design. And it is to be implemented by 'That Old Serpent the Devil' that he is. To those that ascribe to this New World Order View and Rationale, People with such beliefs as Christ Followers are impeding this 'Birthing' of the Return of their 'Golden Age'. This is actually True Scripturally. The Bible teaches that the Holy Spirit, and thus those that are indwelt with the Holy Spirit, are acting as Agents of Restraint to the full Onslaught of Satanic Evil that is eager and is striving to be unleashed on the World.

This Luciferian Onslaught of Evil will come to the World, but only once the 'Restraint' is taken out, i.e., at the Time of the Rapture of the Bride of Christ per 2 Thessalonians 2. Lastly, there is the Vision of the Pregnant Woman in Revelation 12 that is in, Intense Labor Pains about to 'Birth' the Man-Child. This Vision has multiple Levels of Meanings. It is referring to the Imagery of Jesus Christ, but there are other Layers of Interpretation. It can also allude to the Church and Israel, in particular. Many believe, for example, that it will be concerning Israel during the Tribulation Period. The Bible does describe the coming Tribulation Period, where and when Israel will be that 'Metaphor' that will be Pregnant with Intense Labor Pains. And Chapter 12 of Revelation is the Mid-Point.

It will be the Time of Jacob's Trouble or Travail as in 'Labor', a Birthing and a Deliverance. What all these Stars of David Planetary Alignments could possibly mean is that the Rapture of the Bride of Christ could very well take place sometime after this Countdown of sorts as the Church Age seems to be coming to an End. Perhaps, the Time remaining, up to that Point will be some concrete 'Season' or Window for the Rapture to actually take place in such a Generation. This Rapture Window or 'Zone' may be more of a plausible Time-Frame for the Rapture of the Bride of Christ to occur than at any other time since Pentecost of Acts 2. Why?

This is assuming that the Tetrad of 2014-15 was signaling that YHVH will soon focus back His Prophetic Attention on National Israel. It would appear that such Celestial Alignments seem to be converging and could very well signal the Start of the Tribulation period as foretold in Daniel 9. Prophetically Speaking, this Rapture Window could also encompass the Time that might be in Tandem with the coming World War in the Middle East and the subsequent setting-up of the Luciferian New World Order. The following are some calculations of the Stars of David Occurrences.

Motifs of the Star

To reiterate, the Star of David Alignment that occurred in 2013 was the 13th since 1990 near the 13th Sign of the Zodiac, Ophiuchus. This Sign was introduced on the 13th of January 2011. The Geometry of the Star of David is simply a Geometric Configuration having 2 Interlocking Triangles that have 6 Equidistant Points within a 360-Degree Circle. One Triangle is facing-up and the other facing-down in a 2-Dimensional Aspect Ratio. When the Star of David is transposed into a 3-Dimensional Plane, you get a Pyramid, which is called a Tetrahedron. The fusion of 2 Tetrahedrons together is called a Star Tetrahedron. This Geometric Configuration perfectly fits into a Box or Square that forms a Smaller Square at its core; a Square within a Square. There are other Elements that incorporate this Geometry and Symbol, below are just a few to consider.

The Flag of the Nation of Israel currently has the Star of David or 'Magen David' (מגן דָּוִד). This Symbol is famous and very recognizable around the World. It is a Symbol that represents Judaism in general. Even though the Symbol within Judaism is ascribed to King David, according to the available Research, King David was not associated with such a Symbol at all. On the other Hand, the Hebrew Bible does speak about his Son, King Solomon, who did have a peculiar 'Star to his God'. This was not ascribed to YHVH but to various Satanic Fallen Angelic Deities and their Religions based on Astrology and Star Configurations. Such Occult Symbols serve to guide People's Lives, Decision-Making, Trust and Fate.

The Occult also uses the Star of David, but they do not call it that. The Symbol is far more Ancient than that ascribed to King David or Solomon. To the Occult, the Hexagram is used as a Sinister Tool. It is used to induce Spells, call-up Demons and help enter into the Spirit Dimensions beyond Space and Time through 'Astro-Travel' for example. The Occult uses this Symbol to incorporate its Astrology and combine it with Satanic Magic Rituals for Evil Purposes. They are in total Opposition to the Judeo-Christian Scriptures, in an attempt to thwart YHVH's complete Plan of Redemption for Mankind, the Justification, Sanctification and ultimate Glorification of the Bride of Christ.

The Esoterics use the same Symbol as a Potent Representation of the Relationship between the 'Macrocosm' and the 'Microcosm' within the Known Universe. It is incorporated in the Quest to Understand and Quantify the Creation, the Universe, between Heaven and Earth, as in the Union of Opposites, etc. It is the 'As Above, So Below' Principle that is seen in the Occult and Mystical Jewish Kabbalah and the Tree of Life Cults around the World. It also appears in the Buddhist, Theosophical and other Eastern Traditions. As Above, So Below is the Mantra of the Luciferians.

The Science of the Fibonacci Sequence or the Golden Ratio ϕ is another example of where this Symbol is expressed, but in pure Mathematical Terms. It is the Fractal that makes-up the Order of Design in all of Creation. This Golden Ratio can be seen in Natural Designs, Growth Patterns such as with Flowers to Hurricanes, in the Human DNA, the Human Body, in Art and Architecture, just to name a few Properties. In terms of Sacred Gematria, the Tetrahedron or a 3D Pyramid is the only convex Perfect Polyhedron of the 5 Platonic Solids known to exist in the Universe, etc.

These 5 Platonic Solids comprise the Building Blocks or the Foundation of everything in our Known Physical World. A Tetrahedron composes 4 Triangular Faces, 3 of which meet at each Vertex, that is at the 'Top' or Apex of a Pyramid, for example when placed on a flat surface. It has 6 Edges altogether. For example, the most Common Geometric Shape of the Tetrahedron Arrangement is Water, as People drink Tetrahedrons every Day. This is H₂O or 2 Hydrogen and 1 Oxygen Molecules, etc. An example of this Tetrahedron Principle can be seen in the Metatron's Cube. This Geometric Form is used as the Standard of Measurement for other Esoteric 'Sacred Geometric' Forms such as the Seed of Life, the Flower of Life, and the Tree of Life. It is even said to be able to be mapped onto the Human Body as in the Organs, etc.

The Hebrew Alphabet is also based on the Star of David Geometric Layout. Each of the 22 Letters of the Hebrew Alphabet forms the Star of David Configuration when combined together or assembled within the layout of the Symbol. The Tetrahedron has an Association with the Book of Revelation in Chapter 14. This Chapter deals with the Sealing of the 144,000 Number during the Tribulation Period. Geometrically, this Number is associated to a Tetrahedron Summation in numbers. To reiterate, the Tetrahedron has 4 Faces or Surfaces. If you intertwine 2 Tetrahedrons or Pyramids, they form a 'Star Tetrahedron'. This Form will thus produce 36 Points altogether. Thus, when one multiplies the 36 Points x the 4 Surfaces, the resulting Coefficient will be 144.

In the Book of Revelation Chapter 21, there is seen coming down the 'City of God', the New Jerusalem. It is the very Throne Room of YHVH that literally will super-transpose itself onto the Earth. It will have its Foundation centered from where Jerusalem is now in Israel. Is it no wonder why Jerusalem has always been the most contested Piece of Land ever. It will be a Time where literally it will be 'Heaven on Earth'. This is said to occur after the Great White Throne Judgment where the Bible declares that Christ Jesus will make 'All Things New' to include a New Heaven and New Earth.

At that Time, Dimensions will mesh to create a New Reality for Eternity Future. Perhaps this New Jerusalem will actually be a Star Tetrahedron; a 'Star of David' in 3 or 4-Dimensional Aspects. Based on the given Measurements that are described in Ezekiel, many speculate that the New Jerusalem will be a Cube or a Pyramid in shape. Both Geometric Configurations are valid from a 3-Dimensional Point of View. What if it is actually both, one in the same, a Star Tetrahedron? Basically, it would be 2 intertwined 3-Dimensional Pyramids within a Square.

This Geometric Configuration incorporates both the Cube and the Pyramid into the 4th and perhaps other Dimensions YHVH has in store for His Redeemed in the New Jerusalem. Also, realize that a Star Tetrahedron would incorporate a 'Square within a Square'. This would allow for the very Holy of Holies, which is a Perfect Square, to be within the confines of the Cubed City that incorporates 2 Tetrahedrons. When Visions of the Throne Room of YHVH are depicted in the Bible, it is always a Perfect Cube, as with the Tabernacle of Moses, the Temples, the New Jerusalem, etc. The New Jerusalem will incorporate some of the same Elements and Principles of the movable Throne of YHVH, as described in Ezekiel, having 'Wheels within a Wheel', etc.

Cosmic Geometric Key

It may not be beyond the Realm of the Imagination, that the New Jerusalem will be also some sort of a Merkavah. As the Bible does describe that it will come down from Heaven, it could very well be the case that such Dimensions will overlap. In essence, Heaven will literally be superimposed onto the Earth as one 'Fabric'. This 'Chariot of GOD' as described in the Bible, seems to be a Vehicle that transports the Creator, etc. Perhaps the New Jerusalem will have this Merkavah like Properties to portal itself but without Space and Time Dimension. Is this far-fetched? The Star of David 'Sacred Geometry' alludes to this possibility. In January of 2010, a Celestial Anomaly was discovered in the Heavens. Its Image was captured by the Hubble Telescope. Scientists could not decipher if it was either an Asteroid or a Comet or Remnants of either.

They nonetheless labeled this Object P/2010 A2. What was and is very peculiar about this object is its Geometric Shape. The object has a very Long Streak or Tail like a Comet but it has neither a Coma nor a Nucleus that a Comet would have. It has no apparent Asteroid Composition or Center Mass that is defined. Instead, this Object has a pronounced Star of David Geometric Design. Could this be a 'Celestial Chariot' or Star Tetrahedron 'Merkavah' streaking across the Heavens? On the other Hand, could it be just subjected to the Frequencies of the Speed based on its Size and Matter Composition to reflect this Design due to its Vibration and Resonance?

To reiterate, the 13th Star of David Planetary Alignment occurred in 2013 near the 13th Sign of the Zodiac that was incorporated/added on January 13 of 2013, a 13-13-13 Numerical Sequence. Many believe that the Geometry of the Star of David at certain Celestial Dimensional Levels, can be used as a Trans-Dimensional 'Key' to open 'Gates' or Celestial Portals, Doors to the Spirit Realm; even to Heaven itself. Perhaps the 13th Star of David 'Key' that started in Mid-July of 2013 was a type of 'Door' or Star-Gate that is to be opened to this present Dimension using the Star of David Alignment. The Alignment of this Pattern did line-up with the Gate of God that runs through the Galactic Equator and the Galactic Center. This is only Speculation, but it is rather interesting to delve a bit into the possible Meta-Physical Properties that might constitute the mechanics of this Celestial Hexagram. Throughout Human History, the Star of David has been Worshipped.

It goes as far back as the Tower of Babel. When the Bible describes that Men wanted to reach the 'Stars of Heaven', it was not necessarily prescribing the quest for Height. Some Biblical Research actually suggests that the Tower of Babel was a Quest to construct a Trans-Dimensional 'Gate' or Portal Door into the Spirit Realm using a 'Key' that incorporated Esoteric Knowledge based on Sacred Geometric Technologies and Magic that Nimrod acquired. It was the Quest of Nimrod to basically, enter or 'Invade' Heaven itself and obtain 'Godhood' Status; much like Lucifer has wanted, is and will attempt to do. Perhaps this is why YHVH took a very drastic step to confound the single Known Language of Man to have this Type of Technology and/or Knowledge lost. The very meaning of the word Babel has a Connotation to being a Place of a Gate, a 'Gate of the Gods'. Many speculate that the Geometric Configuration or Symbol that King Solomon had, the Keys of Solomon, was alluding in part to Remphan or a Hexagram.

Why YHVH forbids such Practices is because such Geometric Configurations and Esoteric Knowledge mixed, has come from Fallen Angels. Such mixing perhaps provides such a possibility to be able to operate the 'Geometric Key', i.e., CERN to delve into the Door of Spiritual Dimensions. Certainly Quantum Physics and Meta-Physics postulate that it is possible, in Theory. In Summary, the Star of David Celestial Alignments appeared to have definite Numerical Patterns with Corresponding Symmetry to other Star of David Alignments and with the total Lunar Eclipses Patterns. The 13 Star of David Planetary Alignments that occurred since 1990 led-up to the Tetrad of 2014-15.

Like the Total Solar Eclipses on the 1st of Av that occurred in 2008, 2009 and 2010, it is like starting the 'Countdown' to the 7 Year Solar-Lunar Pattern. It appeared that this same Principle or 'Astronomical Law' was also at work with the Star of David Alignment Pattern leading to some sort of a 'Cosmic Countdown'. These 13 Stars of David Planetary Alignments are like a Celestial Drum-Roll that could be corresponding to the 'Labor Pains' that Jesus Christ warned about would characterize the Last Days before His Return. According to a Generic Description of a Woman's Labor Pains, the Contractions become more Intense and Closer together in terms of Frequency. It just so happens that the Star of David Alignment Pattern in the Heavens, likewise, had an increase in Frequency, leading-up to a Singular Point in Time. What Event will that be?

This is assuming that the Tetrad of 2014-15 is related to when YHVH will focus back His Prophetic Attention to National Israel after the Rapture. Such Cosmic Signs could thus, have bearing, as to just how close the Synchronization of Prophetic Events, yet to be fulfilled, are about to be. Such Celestial Signs could very well be signaling that the End of the Church Age is about to occur. Thereafter, then the start of the Tribulation Period is to begin and the coming New World Order is about to be 'Birthed'. Perhaps the Rapture of the Bride of Christ might possibly be connected to such a unique Pattern of the Star of David Alignments; they did appear to be plausible 'Signs'. Maybe they were signaling Something or Someone to be Prophetically 'Birthed'. Perhaps we are entering into a Time where there will be a 'Birthing' of multiple Prophetic Events in these Last Days, as the Alignments appear to converge on a 'Prophetic' in this Last Generation.

STAR OF DAVID COSMIC COUNTDOWN

ALIGNMENTS, SYMMETRY AND PATTERNS FROM 1990-2013

The purpose of this illustration is to highlight a Key Celestial Occurrence in the Heavens called the Star of David Planetary Alignments. The focus of the Conjunctions presented will be from the Occurrences in Modern Times, starting from 1990 to 2013. Since 1990, there have been 13 Star of David Configurations that have occurred. The 13th Occurrence started to configure on July 22, 2013. It was the 'Last One' that led up to the Tetrad of 2014-2015. Apparently the 13th one is a 'Twin' Star with its Double having occurred on August 25, 2013 like the one in 1996. After 2013, there will not be another such Configuration of either a Star of David leading up to a Tetrad Alignment for another 100 Years or so. The Pattern of all Total Lunar Eclipses since 1990 to 2013 will be plotted onto the Star of David Timeline. It appears that various Total Lunar Eclipses provided some Spectacular Symmetry as well corresponding to the Star of David Configurations and frequency leading up to the Tetrad of 2014-15. The Star of David Alignments appeared to have definite Numerical Patterns, with Corresponding Symmetry to other Star of David Alignments and with Total Lunar Eclipses. The Star of David Cluster, starting in August 1990 to September 2001 had an identical and Symmetrical Proportion of Time. The Mid-Point had an incredible 'Twin' or 2 consecutive Star of David Configurations, to the 4th and 5th ones in September and October of 1996. These 2 or Twin Star of David Alignments seem to serve as sort of a Fulcrum within the Timeline.

NEW JERUSALEM - A STAR TETRADERM?
In the Book of Revelation 21, the 'City of God', the New Jerusalem, the very Throne Room of the LORD, literally will appear upon the Earth. Based on the given Measurements that are described in Scripture, many speculate that the New Jerusalem will be a 'Cube' or a Pyramid in shape. What if it actually both at the same time. Basically it would be 2 interrelated 3-Dimensional Pyramids within a Square.

STAR OF DAVID COSMIC COUNTDOWN

ALIGNMENTS, SYMMETRY AND PATTERNS FROM 1990-2013

The purpose of this illustration is to highlight a Key Celestial Occurrence in the Heavens called the Star of David Planetary Alignments. The focus of the Conjunctions presented will be from the Occurrences in Modern Times, starting from 1990 to 2013. Since 1990, there have been 13 Star of David Configurations that have occurred. The 13th Occurrence started to configure on July 22, 2013. It was the 'Last One' that led up to the Tetrad of 2014-2015. Apparently the 13th one is a 'Twin' Star with its Double having occurred on August 25, 2013 like the one in 1996. After 2013, there will not be another such Configuration of either a Star of David leading up to a Tetrad Alignment for another 100 Years or so. The Pattern of all Total Lunar Eclipses since 1990 to 2013 will be plotted onto the Star of David Timeline. It appears that various Total Lunar Eclipses provided some Spectacular Symmetry as well corresponding to the Star of David Configurations and frequency leading up to the Tetrad of 2014-15. The Star of David Alignments appeared to have definite Numerical Patterns, with Corresponding Symmetry to other Star of David Alignments and with Total Lunar Eclipses. The Star of David Cluster, starting in August 1990 to September 2001 had an identical and Symmetrical Proportion of Time. The Mid-Point had an incredible 'Twin' or 2 consecutive Star of David Configurations, to the 4th and 5th ones in September and October of 1996. These 2 or Twin Star of David Alignments seem to serve as sort of a Fulcrum within the Timeline.

NEW JERUSALEM - A STAR TETRADERM?
In the Book of Revelation 21, the 'City of God', the New Jerusalem, the very Throne Room of the LORD, literally will appear upon the Earth. Based on the given Measurements that are described in Scripture, many speculate that the New Jerusalem will be a 'Cube' or a Pyramid in shape. What if it actually both at the same time. Basically it would be 2 interrelated 3-Dimensional Pyramids within a Square.

STAR OF DAVID COSMIC CONFIGURATION

ALIGNMENTS, SYMMETRY AND KEY PATTERNS

The purpose of this chart is to depict the Star of David Configuration of certain Celestial Coordinates that define the Known Universe. The Imagery is from a Top View of the Universe and having the Ecliptic become a Circle, where the Planets traverse their Courses, etc. Based on this Construct and Contention of Space and Time the 4 Cardinal Points are configured by the following Stars: Regulus in Leo, Arcturus in Perseus, Diphda in Cetus and Eridanus. The 2 other Stars that complete the Triangulation are Altair in Cygnus and Sirius in Canis Major. The following are some Observations. Within this Star of David Celestial Constellation, there is another Star of David with the Star of David. This pertains to the Sign of Aurore, the Shepherd. Its Mouth is composed of 6 Stars that one can configure a Star of David within the Outline. The Throne of the Star of David is one in which is speaks of the King of the Universe, Jew's, the Lion King and Royalty. Furthermore, this Star of David or a Hexagram is how the Earth's Latitude is Delineated at 23.5 Degrees. Then when a Hexagram is 3 Dimensionalized, it becomes a Tetrahedron or a Perfect Cube. This is how the Holy of Holies, the New Jerusalem and perhaps Heaven itself is laid-out as.

NEW JERUSALEM - A STAR TETRAHEDRON?

In the Book of Revelation 21, the City of God, the New Jerusalem, the very Throne Room of the LORD literally will super-transpose itself onto the Earth. Based on the given Measurements that are described in Ezekiel, many speculate that the New Jerusalem will be a Cube or a Pyramid in shape. What if it is actually both at the same time. Basically it would be 2 intertwined 3-Dimensional Pyramids within a Square.
