(All Counties)

County Health Depts. - Primary Health Care Services

County operated outpatient health care facilities that provide a broad range of diagnostic and treatment services including primary adult and pediatric care, prenatal care, dental care and specialty medicine as well as laboratory and radiological services and allied support services like nutrition and health education. Some public clinics may also offer public health services such as immunizations and communicable disease screening and treatment. Services are available on an ability-to-pay basis and target low-income and indigent residents of the community. (Spanish Language Services)

Department of Human Services, Counties

A state government agency that provides the following financial assistance and health insurance programs to those who qualify: Families First - temporary cash
