

HANDLE-TECH™ HOSE & PIPE HANDLES

Handle-Tech handles are a ground breaking tool for today's oil, gas and waste management industries. The easy to use mechanism enables you to safely clamp onto hose or pipe easily allowing you to grip, torque, and release single-handedly through a natural fluid movement.

Based in the heart of the Oil & Gas industry in Edmonton, Alberta, Handle-Tech Ltd. was born through the need for safe and efficient hose transportation and manipulation on today's oil and gas job-sites.

We are committed to ensuring that our workers have the tools they need to get their jobs done safely and easily.

- Drilling Mud Suction Hose
- Frac Pipe
- Sewer Hose
- Bio-Waste Pump Out
- Tanker Hose - *Diesel, Jet Fuel*
- Rigid Pipe - *ABS, PVC, Metal*
