1st stop – DeMoulin Museum A collection of fraternal devices used in organization initiations, a collections of other items manufactured thru the years at the well known DeMoulin Bros. factory and a collections of uniforms and other clothing manufactured and what they are best known for.

2nd Stop – Brock Museum – home to Greenville's own Richard Brocks sculptures and the home of the 1st all girls college in Illinois..

3rd Stop – The Milk House. Local Dairy farmer and his family have made this the home of the processing plant for his Holstein Cows milk. He will tell you the whole story including how and where he sells his products. We will enjoy lunch prepared by his Chef.

Our trip will then head to Pocahontas IL. to see how a couple have renovated the town square using lots of paint and elbow grease and adding some neat little stores.

Last stop – Marcoots dairy. A local farm family who chose to use their Jersey Milk to produce cheeses, Ice Cream, and other dairy products and then sell them in the city and thru some local groceries.

That will end our day. Please note this schedule could change at any time due to unforeseen time restraints.

The other big event is the painting of a 1 foot square barn quilt. This class will be \$20 all furnished to complete project. Please register in advance. I can only take 24 ladies. There will be 3 classes of 8 ladies each.

Saturday 9:00am

Saturday 2:00pm

Sunday 9:30am

If pre registration shows a larger interest, I could work in a second overflow class on Sunday afternoon but I will have to know a week in advance to get the boards ready. There will be a choice of 2 patterns (1st come 1st serve on choices) Add your name to the list under the time you would like to paint. It takes about 2 hours for a board. Check with the class at start time in case there is a cancelation.

While some of us are painting our blocks others will be invited to participate in bingo (no money involved) and some other television game shows. These will take place on Saturday and Sunday. Will allow a couple of hours in the morning and in the afternoon.

Any changes will be made and you will be notified by notice on the easel in the Event Spot in the building.

There should be no gate admission as your husband will receive a two pass with the registration of his tractor.
