CATTLE  COMPANY

REGISTERED ANGUS

2024 BULL SALE

- SATURDAY, MARCH 9TH, 2024 -

- VIEWING 11 AM - MEAL 12 PM - SALE 2 PM -

Fellow Cattlemen,

Metzger Cattle Company would like to invite you to our March 9, 2024 annual bull sale. We would like to thank all of our past customers for their trust in our breeding program and would like to extend a warm welcome to new visitors. We appreciate your interest in the genetics that we are offering in our 2024 sale.

We strive to produce cattle that perform in a low input environment. Our goal is to produce cattle that are fertile, easy fleshing, and have longevity. This year we are offering a line of sires with generations of proven progeny that have withstood the test of time. We value the opportunity to provide our customers with highly proven AI sires with correct confirmation, milking ability, fleshing ability, docility and fertility in mind.

All bulls are developed with the customer in mind, they are fed a high fiber diet with a goal of 3lbs average daily gain. We feel this gives a good test to feed performance without jeopardizing foot and gut health. The Bulls were weaned on Nov. 6th 2023 and started on a 44 mcal diet where they have stayed to sale date. The diet consists of CRP hay, alfalfa hay, corn, and corn silage with Payback supplement. Bulls will have scrotal measurements, yearling weights and ratios provided on sale day.

We look forward to your company on March 9, 2024, please come and join us for a CAB brisket lunch before the sale and we invite you to stay for fellowship and refreshments after the sale. If you are unable to attend the sale, or would like to evaluate the bulls, their mothers, or their herd mates prior to the sale please feel free to contact us and make arrangements.

Sincerely,

Bill, Cami, Kaitlyn, and Colton Metzger
