GUIDE TO YOUR PETS STAYCATION

Current Dog Daycare Clients will have use of play areas throughout their staycation. If not a current Daycare client, and you would like your dog to be included in daycare your dog will need to have an assessment the week prior to their staycation by attending our Daycare program to see if they are a candidate for our group play sessions.

If they do not pass their assessment and need to be separated from group play your dog will get potty breaks and short exercise time either outside or in our inside play areas as often as possible. We can't guarantee the amount of time, this is totally dependent on the workday, how many clients we have and how many dogs needing to be kept separate.

ALL dogs will get time out of their kennels for exercise inside and outside regardless of their ability to participate in group play, however dogs that "play well with others" will get the most time in play areas. An appointment is needed to arrange an assessment, so please call in advance!
Half Day assessment is FREE!

Clients are responsible for reimbursing Pound Town, Inc. for any damage caused by their dog during their stay as mentioned in our contract.

Guide to Daycare

No matter if you choose a full day or half day your dog is sure to be tired at the end of the day after playing with all their new friends. Throughout the day dogs are alternated through our multiple indoor and outdoor play areas. Weather permitting during the warmer months outdoor play will typically include some sort of water activity.

All dogs are **REQUIRED** to wear easy snap/break away collars to daycare. No martingales, prong collars or chain collars. This is for SAFETY and is a non-negotiable part of our program.

If your dog is having a stressful day, we may from time to time separate them from the group and give them a time out so they can decompress and be reintroduced to the group again.

To keep your dog social and easy to introduce to our play groups we highly recommend a minimum of 2 days a week for daycare. If it becomes troublesome for us to reintroduce your dog to the various play groups we may ask that your dog not return to daycare.

Undesirable behaviors such as jumping the fence, excessive humping, excessive barking, growling, snapping, biting etc. pose a safety hazard to our program and may result in your dog being suspended from the program.

If your dog is experiencing these behaviors we highly suggest you seek a training professional.

FEEDING

Daycare dogs are NOT provided meals. We encourage you to feed prior to drop – off and after their daycare day. Water is provided throughout the day.

Daycare / Late Pickup Policy

At the end of a 12.5 hour day our management and staff eagerly want to get home to their family and have commitments outside of work. Our business hours are Monday-Friday 6:00am-6:00pm. Late pickup after 6:00pm will be charged and dealt with as follows:

Pickup AFTER 6:00 pm will be charged at \$15 EXTRA up until 6:15 at which time your dog will be placed into “EMERGENCY BOARDING” at a charge of \$60/\$70 for the night and must be picked up by 8:00am to avoid addition charges. Your dog will be fed the “house” dog food as a dinner meal.

Please plan accordingly and provide the correct information to anyone assigned to pick up your dog. We apologize for any inconvenience this may cause but our staff has been put in situations where they have incurred additional child daycare charges of their own due to late pickups. Many of our staff have families or second jobs relying on their timely arrival.
