

2025 POOL PASSES VALIDATION DATES AND TIMES

This year the HHOA is introducing a new pool pass system. Every eligible resident who wishes to access the Community Pool will be allocated a non transmittable personal badge. Your badge will be validated each season by returning the Pool Application Form in person or by email. The Lifeguards will scan your badge when you enter and exit the pool (for example, you will still be able to go to your car without scanning your badge). The barcode on the badge is your badge number and does not contain any personal information, when scanned it will bring up your personal profile from the database which is tied to your home address. Each address/house is allocated one seasonal Guest Pass with 25 guest entries usable by every resident of that same address, unless their age restrict them from having a guest. Please review the Pool Rules and Regulations for limits on the number of guest per visits and age restrictions.

Your personal profile contains your picture, name, address, DOB mandatory for minors and whether your badge is valid or not. *The Lifeguards will not be able to tell you why your badge is not valid, they do not have access to any further information.* In such a case please contact the Pool Manager or Signature.

All residents 2 years old and up must have a validated pool pass in order to obtain admission to the pool. Residents may NOT use a guest pass.

Applications for the 2025 pool season may be submitted at the HHOA shed located near the Community pool and playground during the dates and times below. The HHOA will provide digital pictures during these times. Applications and headshot pictures may also be submitted by email and your badges collected from the Lifeguards during regular pool hours. Proof of residency and age for minors may be required.

See Pool Application Form and Pool Rules and Regulations for further information. All forms and Regulations are available on our website: holleybrooke.org.
