

110 ACRES RENEWED TO REACH THE NEXT GENERATION

SECOND PHASE

# REVITALIZE

CAMP REVITALIZATION PROJECT

FERNWOOD   
GLOW UP

LOCATED IN BEAVER FALLS, PA

# A PROJECT TO UPDATE AND IMPROVE

A Camp ministry with the goal of going from seldom use, to being used all year round.

TO SEE GODS PROPERTY USED  
TO REACH YOUNG PEOPLE

**PAINT THE LODGE**

Estimated \$12,000

**GOAL OF \$60,000 TO REVITALIZE THE FACILITY**

Fernwood Christian Camp came into existence in 1930. Since then it has changed hands from various religious groups and churches. In 2020, it was given over to our leadership in order to begin a revitalization project. We are actively seeking ministries that would prayerfully consider supporting our camp ministry as a missions project in order to see God's property used to its full potential.

## THE FERNWOOD LODGE

This 120 year old barn has been restored and repurposed as our "Main Building". It serves as our dining hall, kitchen, common area, and dormitory. As far as lodging is concerned, it can hold up to 60 people. We plan to continue to install bathrooms and Heat/Cool the building.

**INSTALL HEATING AND COOLING IN CHAPEL**

**BUILD ADDITIONAL DORM ROOM  
AND:**

**HEAT AND COOL KITCHEN**

## NEW SHOWER HOUSE

**BUILD NEW SHOWER/BATH HOUSE  
AT THIS LOCATION, CLOSER TO BOYS CABINS**

**BUILD ADDITIONAL  
BATHROOM IN LADIES  
DORM**

Our facility is equipped with several buildings that can accommodate multiple weeks of camp, retreats and conferences. These buildings include a chapel (approx. capacity 200), Shower House equipped with bathrooms, two cabins in the woods (approx. capacity 18 each), and best of all, the Fernwood Lodge. Located in the Lodge are comfortable, air conditioned dorm rooms. Currently, our buildings are only suitable for summer conditions. However, our vision for the facility is to expand further into our property and to have an exclusive Retreat Center for year-round use.
