*'At the end of every seven years, at an appointed time, in the Festival of Sukkot [following] the year of Shmita. When all Israel comes to appear before the Lord, your GOD, in the place He will choose, you shall read this Torah before all Israel, in their ears. Assemble the people: the men, the women, the children'... -Deuteronomy 31:10-12.*

It was the command of YHVH to Israel to uphold a Sabbath Year over the land, people, property and commerce. Israel was unfaithful due to their greed that resulted in the national judgment and Diaspora of Israel to Babylon for the 10 Sabbaths owed to YHVH. The Shemitah is a dichotomy as it has a double application in not only being a blessing of 'release' and resetting of debts for example but it can be a curse of undeniable national judgment to a nation when not kept. Some see the USA as a parallel nation to ancient Israel that has not 'kept' the Sabbaths of YHVH.

This was reflected as the owners and manipulators of the rigged Stock Market of New York 'fixed' the drop of 678 points after 9-11 on September 17, 2001 on a Rosh HaShanah and 777 points on September 29, 2008. Based on this Sabbatical pattern, it appeared that another Rosh HaShanah was 'encoding' a coming prophetic judgment impacting the USA and the world at large in 2015. This judgment is economically based on the Biblical Shemitah law of release and resetting. This Shemitah principle was first brought to the public's attention from Jonathan Cahn's study on the Harbinger.

The USA and its predominant world economy have epitomized the essence of greed and thievery as it was with ancient Israel by the selling of the Messiah for 30 pieces of silver. It can rightly be argued that the USA is not Biblical Israel but the same 'people' are. Such are the 'masters' of the current world order of the world economy and centralized money supply. Jesus the true Messiah of Israel told the religious leaders of Israel that their Father was not YHVH but of him whom they had the same spirit of lawlessness, murder, greed and thievery. They are possessed by the love of money or mammon.

Such are bestowed with unimaginable wealth from their Master Lucifer in this world as they have staked the American economy on Biblical cycles. The chart timelines illustrate this theory and show the key points in the timing of the attacks/judgment on the USA that the Money Changers have been using to usher in their New World Order. Currently the US Dollar and economy are systematically being imploded. If national judgment of the USA began on 9-11, then the 7 year intervals that are to culminate was on September 13, 2015 yet nothing prophetically significance occurred at least not overtly.

## **The Harbinger**

Many experts however argue that the U.S. economy and that of the world has and is collapsing incrementally. However, the Sabbatical year of release coincided with the 4th and last Blood Moon of the Tetrad. Also happened to be a Super Moon 15 days later as the 3 Fall Feast of YHVH are a continuous sequence where completed. According to Jonathan Cahn's theory, Elul 29, 5775 or Sep 13, 2015 was when the last implosion of the world economy would have most likely occurred. In that case, total chaos would have ensued, economic, political, social etc. This scenario did concur with the celestial configurations and alignment due to the conjunction of the Moon with Uranus, the Father of the Titans, born in Chaos on the 2nd day of Sukkot, the day of the Hakhel assembly, the 8th Day.

The Money Changers that have capitalized and manipulated world commerce perhaps knowing this Shemitah timing as planned to usher in the New Order reset deliberately deferred its effect, for now. Nonetheless, if the Sukkot Super Blood Moon was a type of the Rapture, then having the Church out of the way would allow the AntiChrist to formulate the New Order designed out of chaos and currency with his Mark. This rationale is only insinuating a typology. This NWO economic 'Mark of the Beast' new currency and economy will be based on not being able to sell or buy unless one is part and partial to this 'Mark' mandatory buy-in like ObamaCare.

### **Some Observations**

*- From Sep 17, 2001 Rosh HaShana crash to Sep 29, 2008 Rosh HaShana is 7 years + 11 days (a 7-11 code) the day of the 777 point drop in the Dow Economic Crash.*

*- From Sep 29, 2008 Rosh HaShanah date to Rosh HaShana date in 2015 is 6 years 11 months or a (9-11) code.*

*- On Sep 13, 2015 a partial solar eclipse on Rosh HaShanah occurred.*

*- On Sep 28, 2015 that is on Sukkot was the 4th and last Blood Moon of the Tetrad of 2014-2015. It is 7 years exactly from Sep 29, 2008 Rosh HaShanah crash of 777 points.*

*- On Sept 11, 2001 the star Geminorum13, one of 48 stars of Gemini was eclipsed by the 4th quarter crescent Moon at 1:11 a.m. Gemini's Castor & Pollux represents The Twins... for the Twin Towers being sacrificed to Jupiter or Zeus, AKA Lucifer.*

*- 2008 was a Sabbatical year. A new Sabbatical 7-Year cycle began on Sep 29, 2008. The year 2015 will also be a Sabbatical year and named the 'Year of Light' or of Lucifer, 5776.*

Undoubtedly the sacrificial countdown started with the attack on 9-11. It was the initiation of a 7-7-7 year ritualistic and Kabalistic slaughter of innocent people by the Money Changers. Such require blood to appease their Satanic Masters implementing a countdown to Lucifer's New World Order. In part, it will be accomplished through their economic reset that will be used to control all of Humanity.

## **Coming World Economic Reset**

These progressive and systematic collective sacrifices through false flags, illegal wars and constitutional overwriting of civil liberties are shamelessly being made to coincide with the very Holy timetable of YHVH's appointed Sabbath cycles and Holy Feasts. Such seek to mock YHVH by the very terms He has prescribed His People to uphold. It is the classic case of wolves in sheep's clothing.

*September 17, 2001: Rosh HaShanah*

*The First Attack: After the 9-11 inside job, the Stock Market fell 678 points when it reopened on September 17. This date was Rosh HaShanah. It was alleged that Muslim religious extremists orchestrated the plot but NORAD was commanded to stand down and 3 buildings imploded with only 2 planes.*

*September 29, 2008: Rosh HaShanah*

*The Second Attack: The Dow Jones industrial average fell 777 points. It was up that time the biggest single-day fall ever, easily beating the 684 points it lost on the first day of trading after the September 11, 2001 attacks. This day was also the biblical feast of Rosh HaShanah.*

*Rosh HaShanah on Sep 17, 2001 to Sep 29, 2008 Rosh HaShanah = 7 years 11 days (7-11 code)*

*Rosh HaShanah, Sep 29, 2008 to Sep 13, 2015 Solar Eclipse = 6 years 11 months (9-11 code)*

*From Rosh HaShanah on Sep 29, 2008 to Sep 28, 2015 Sukkot Super Blood Moon = 7 years*

*From Rosh HaShanah on Sep 29, 2008 + 10 prophetic days of years = Yom Kippur Sep 19, 2018*

*September 13, 2015?: Rosh HaShanah*

*The Final Attack?: The Jewish Feast of Rosh HaShanah again was exactly 7 years from the Rosh HaShanah of 2001 and 2008. Evidently this time-marker was not the beginning of the new world currency collapse. Or was it. The markets saw the collapse of the Chinese markets instead. This might as well have been the anticipated collapse as it will reverberate into a slow death cycle of the world's economy. This could be the death blow to the US Petro-Dollar dominated world economy and allow for the New World Order currency to emerge from the ashes of the U.S. subsequent economic meltdown.*

*From Rosh HaShanah on Sep 13, 2015 + 7 years 13 days = Rosh HaShanah on Sep 26, 2022*

The Shemitah is the Sabbath Year which means to release. The 7th Sabbatical Year or the 49th year of the 7-year agricultural cycle mandated a Jubilee by the Law of YHVH. This was proclaimed on Yom Kippur and the Feast of Sukkot was to last 7 days. On Rosh HaShanah, all debts were cancelled and indentured servants were released of their obligations and sent out with a blessing. The Shemitah was to provide rest for the land but before all the plowing, commerce and labor were to begin anew on the '8th' Year, on the 2nd day of Sukkot, the nation of Israel was to 'assemble' (Hakhel) before the King to read the Law.

## **A Shemitah Super Moon**

The King would read from Deuteronomy and recite the 'Blessings or the Curses' and their conditions. The LORD YHVH would admonish His People to choose 'life' and not 'death' in obedience to His Holy prescripts. It is understood that the last such event took place the year before the destruction of the Temple in 70 AD.

*- Year 5776 (2016) - 69 AD year = 1947  
UN Partition Plan creating the sovereign nation of Israel*

*- 69 AD + 1948 years (Israel became a Nation) = 2017  
Suspected real world-wide collapse of the economies*

This phenomena occurs when a Full Moon is nearest to the Earth due to the Moon's elliptical orbit called Perigee. Most recently this happened on June 22, 2013 the same day the Star of David Planetary Alignment occurred. They are very rare occurrences and when they do occur, the Moon is about 13% larger and 30% brighter. What was interesting about the Shemitah cycle is that it converged with the end of the Tetrad on a Super Moon on September 28, 2015. That same year, another and November 14, 2016. The distance from Earth to Moon is about 238,900 miles (384,400 km) or roughly 30 Earths, side to side. The following is a list of the peculiarities of the Super Moon occurring on the Feast of Tabernacles or Sukkot. The 4th Tetrad Blood Moon had the following attributes.

- 1. At Perigee to Earth*
- 2. A Full Moon*
- 3. A Super Moon*
- 4. A Total Lunar Eclipse*
- 5. Seen over Israel*
- 6. On Feast of Tabernacles*
- 7. At the end of the Shemitah Cycle*
- 8. At end of the 2014-2015 Tetrad*
- 9. 7 days after the Year of Jubilee?*

Sukkot is often considered the Jewish 'Thanksgiving'. It is also called by the Feast of Tabernacle or Booths as a Sukkah or outside booth is made to commemorate the temporary shelters the Israelites built along the journey in the wilderness from Egypt to the Promised Land. It is also referred to as the Week of Rejoicing as it lasts 7 days. There is an 8th Day. It is attached as a corporate Assembly in which the Torah is read. This is known as the Hakhel which means to assemble, otherwise known as Shemini Atzeret.

The Feast of Sukkot occurs on the 15th of the Jewish calendar month of Tishrei after Rosh HaShanah and Yom Kippur. It is the last of the 3 required assembly of Jewish men of age before YHVH on Passover, Pentecost and Sukkot. Each Feast has a corresponding element for a Wave Offering, The Palms are waived during Passover, the 2 Bread pieces at Pentecost and the *Lulav* or palm during Sukkot. The Jews use 4 elements or species to commemorate Sukkot.

**Uranus - Order out of Chaos** It is very interesting that the lunar Tetrads either occur on the Feasts of Passover at the beginning or the end of the 7 Feasts on Sukkot but never on a Pentecost. It would stand to reason that the Age of Pentecost is emphasizing that the Feast of Pentecost is directly associated with the Church Age; its beginning and conclusion perhaps.

- 1) *a Palm*
- 2) *a Willow*
- 3) *a Myrtle*
- 4) *an Etrog (citrus)*

Another very intersecting occurrence was the conjunction of the Moon with Uranus after the 1st Day of Sukkot, on the 29th. The Moon's conjunction with Uranus might have been very significant as it pertained to its symbology and perhaps prophetic effect upon Israel and the world. Uranus Οὐρανός is attributed to the sky god of the heavens and in some renditions, the god of waters also.

In mythology, Uranus as Father Sky was said to have been born from Chaos, as in the Luciferian Masonic war cry of 'Order out of Chaos'. Uranus was also the son-husband of Gaia, Mother Earth. These are the parents of the Titans alluding to the Fallen Angels and rebellion against the YHVH. This ancient script goes along the lines of the Nimrod-Semiramis, Luciferian agenda to induce chaos. Surprisingly, the Luciferians also believe in a Rapture. After the Rapture the 'Atlanteans' would once again rise to rule the Earth with Lucifer as their King, the King of chaos and of waters.

The Super Blood Moon occurring on Sukkot, being the last of the Tetrad in Pisces, is extremely unique as the Hakhel is to bring the Jew and Non-Jew together for an assembly before the King of Israel. There is no literal King of Israel or Prince to this day in Israel. Perhaps this event might have played a role in the unveiling of the coming Prince, a King recognized Israel that will be the 'one' to read the Torah at such an assembly in Jerusalem on a Sukkot day. Sadly, the Bible tells of the 'one that will come in his own Name' that Israel will deceptively accept.

It is also speculated that it will be on Yom Kippur that not only will the Jubilee Year be proclaimed as the year 5776, Year of Light had been initiated on Rosh HaShanah but on Yom Kippur is when the Kings of Israel were anointed. Could this scenario have been the prelude of when the 'Prince that shall come' be anointed as 'King of Israel'?! If this could be a possible foreshadowing, then this 'King' would be the one to read the Torah on the 8th Day of Assembly.

This could have been the message of the Moon's conjunction with Uranus, the god or 'Prince of the Air', Father of the Titans, which was birthed out of Chaos, i.e., the Luciferian Masonic Fallen Cherub want-to-be 'god'. To not be confused, this would not be Jesus Christ but the false Messiah coming on the scene first. Jesus cannot come back to Earth until the Battle of Armageddon and when Israel is ready to say to Jesus 'blessed is He that comes in the Name of the LORD'.

## **A 'Rapture' Type?**

The Bible and Jesus Christ affirmed that He is the King of the Jews as stated in Matthew 27:11. Such symbology and Feast occurrences are but a dress rehearsal of the real one to come. Jesus as the true Messiah and heir to King David's throne will read the Law of Moses as King from the cleansed Temple. In fact there will be a 4th Temple in Jerusalem that will be consecrated for the Millennial 1000 year Kingdom on Earth after the Tribulation period. Until that time, there is a current living King of Israel, Messiah the Prince Jesus of Nazareth that is in Heaven awaiting the command to rapture His Bride and to bring her into the Sukkah in Heaven.

This event will be for a 7 day feast of rejoicing before His 2nd coming to rightfully read His Law at that future Feast of Sukkot in the Millennial Temple to come. As far as the possible Rapture typology of the 8th Day, the Church birthed by Messiah on Pentecost does consist of this one 'New Man' in Christ, both Jew and Gentile. It is interesting that the Blood Super Moon occurred when the Feast of Tabernacles had Christians and Jews believing in the Messiah together in Jerusalem as the Blood Moon was setting and seen towards the western horizon over the Temple Mount in Jerusalem.

This was 1 day before the conjunction with the Planet Uranus in the constellation Pisces. Pisces is associated with Andromeda, the chained and persecuted woman that typifies the current Church Age. She is now currently being slaughtered by the 'peaceful' and 'merciful' Muslims that submit to the will of their 'god' Allah' and require all also to submit. In ancient mythology that is patterned after the constellation of the Cosmos, Andromeda is conjoined with Pegasus, which means 'He who swiftly comes to rescue'. As the 2 Fishes of Pisces represent the Church consisting of the Jew and the Gentile in one aspect the comprehensive picture does have a strong depiction of the 'rapturing' of the Bride away.

What better time, aside from Pentecost than the Rapture to happen during this end or grand finale of the Feast of Booths. Then the Booths spiritually would commemorate the spiritual 40-year journey of the 'Church' in the wilderness of this dry wicked world. The Bride of Christ would thus get ushered into the Heavenly Promised Land by their Greater Joshua. For sure this time and celestial configuration is a picture of when the King will lead the corporate Bride of Christ, as a Jewish wedding typology into the Heavenly assembly on Mt. Zion to read the Law then and there. First Jesus Christ will address each individual Believer at the Bema Seat of Christ.

Then the General Assembly will be called to session from where the Heavenly Shemitah will be pronounced; as a blessing of release to the Bride from the subsequent curse and accusation of Lucifer before the judicial Throne of YHVH. It will be the Seal Judgments that Jesus, as the conquering Lion of Judah will unleash upon Satan and the world that will begin thereafter. The breaking of the 7 Seals of judgment by the King, Jesus coming from the descendant of Eve -the Seed of the Woman will pour upon the Titans. Jesus Christ will bring and can only bring the true New World Order out of the Luciferian chaos. As the Shemitah demands judgment and balance, the nations and Lucifer will experience the Wrath of the Lamb from Heaven.

It is from there that the Bride of Christ will be safe in the 'Sukkah' chambers during the concurrent 7 day long week of years on Earth. The Bride will experience rejoicing in Heaven when the 'Saints go marching in'. Will one be in that Number?
