STATE AND LOCAL GOVERNMENT

Dear Ron,

I wanted to reach out and personally commend you for striving to assist Henderson County Law Enforcement. As Officers keep our communities safe, you, in turn, are keeping them safe. Through the purchase of 15 new bulletproof vests, you have helped our local officers feel protected and extended the gratitude we, in the community, feel for their service. In addition, you have also took your charitable nature a step farther by sponsoring stress management courses through Stand T.A.L.L. which can be essential to officers as day to day they serve to protect us and our neighborhoods.

You may recall that beginning early in my campaign I spoke of the need for us to support the efforts of our law enforcement officers, restore respect for their position, and set positive examples for future generations I am excited to see that your leadership and the great work of your team are accomplishing exactly those behaviors. I am proud to also consider you my friend and it is an honor to represent dedicated, hard-working individuals such as you. Thank you for working to ensure that the future of our community is bright and safe.

I look forward to hearing more about your and Stand T.A.L.L's successes.

Sincerely,

Chuck Edwards

Senate District 48
