Meeting Coordinators President Wins Corp! Magazine's MVP Award

TROY, Michigan – May 8, 2015 -- Meeting Coordinators, Inc., the leading association and meeting management firm in southeast Michigan, announced that its president, Ann K. Bruttell, was honored with a Most Valuable Professional Award from Corp! magazine, presented at a ceremony on Thursday, April 23, 2015 at the VistaTech Center at Schoolcraft College in Livonia, Michigan.

The Most Valuable Professional award was inaugurated by the publication to spotlight C-suite executives and entrepreneurs of distinction, who represent the trailblazer mentality and philosophies that keep Michigan strong.

When asked about her personal vision, Bruttell notes that “the world is run by those who show up. However, many people lack confidence in their own abilities. To show up is risky. It requires courage, pride in yourself, tenacity, moral fortitude and a willingness to learn from others.”

Bruttell founded Meeting Coordinators in 1988 after working for another meeting and association management company. “It was time for the next step in my career by becoming an independent meeting consultant,” she says. “After all, what’s the worst that could have happened? If it didn’t work, I was skilled and employable. Thankfully, it worked!”

Economic conditions from 2007-2010 made it difficult for businesses to remain strong, “but an interesting thing happened — it made those of us who survived stronger,” Bruttell says. “We were willing to break out of traditional modes, learn new modes of operation and form strong alliances. We need to continue this work philosophy as we move forward.”

Since 1988, Meeting Coordinators, Inc. has been the leading association and meeting management firm in Southeast Michigan. We organize and execute corporate meetings conferences and events from 5 to 30,000 participants on a local, national and international basis. Additionally, we provide association management services for volunteer-led organizations.
