I came to Life Awakening very broken, not only from an abusive marriage, but from a lot of childhood abuse and trauma. The Holy Spirit healed my spirit, soul and body. I am now a Kingdom woman. I no longer have to go after the things of this world. Yes, I am in the world but not of the world. The teaching I received from Life Awakening I am now using to help other women. I now let other women know that there is a God and that He is very real. Also, I let them know about the *Gospel Process: Embrace, Die, Bury, Rise!* I have been risen from the dead. I am free, no longer a slave to fear. I am a child of God. I would not change anything, if I had to go through it all again, to get where I am now. To God be all the glory!

WOW, the *Gospel Process* is a complete package for deliverance, healing and maturity. I have been involved in many inner healing models and ministries. I have observed that many teachers only teach one piece of the pie, but this material teaches the whole pie that is needed for effective and lasting change in a person. This material can even be used with non-believers or people struggling with their faith. With each chapter of *Awakened to Life Within*, I got more excited and watched the message come together in a very powerful and complete way. If you are willing to take a look inside of yourself, the *Gospel Process* is the way to go because your eyes will definitely be opened!

I attended Life Awakening's pilot training of the *Gospel Process: Embrace, Die, Bury, Rise* in September of 2015. During the training, God brought me to a memory and, in front of everyone, I applied the *Gospel Process* and was healed of a memory block and wound that I carried for 33 years! My life changed forever from that day. I have had even more healing since then; and since then God has blessed me with several ladies who have a desire to experience the Gospel Process. So they share their stories and the Holy Spirit reveals their wounds. We process the root of the pain, using the *Gospel Process* to bring healing and freedom. Through the training I also gained a better understanding of the authority Jesus gave us to use during and after a session for a lifetime of freedom through the Gospel. The training was truly a two-for-one special, for me, as I was blessed to experience the *Gospel Process*, myself, but now I watch other ladies apply and experience the *Gospel Process*. It's the most amazing *Process* I have ever been a part of and I am totally excited at the healing power that the Gospel carries for us! I honestly can't get enough!
