Anderson County COvid-19 Task Force Recommendations Announced

The Anderson County COvid-19 Task Force recently met to address the county's approach regarding phase one of the Governor's Ad Astra: A Plan to Reopen Kansas.

Although the committee does not feel it is necessary to impose stricter restrictions from the Governor's plan, it is recommended, until further notice, that residents and businesses discontinue operations of buffets and self-service beverage stations that require customers to use common utensils or dispensers. These areas are high traffic and are very difficult to clean and sanitize after every customer. Customers of businesses who may offer self-service stations are strongly encouraged to avoid those areas as a precaution for their own safety.

The Task Force highly recommends for all residents to continue to follow the CDC guidelines for hygiene and social distancing protocols, such as:

- Washing hands frequently, while avoiding contact with one's face;
- Remaining home when sick or running a fever;
- Staying at least 6 feet from other people;
- Following isolation and quarantine orders issued by state or local health officers;
- Working remotely, if possible.

The committee is dedicated to providing Anderson County residents with the best direction to reopening our county in the safest manner.
