

## **Make More Room**

*“Create in me a pure heart, O God, and renew a steadfast spirit within me”  
(Psalm 51:10).*

God always wants you to be real with Him. Sincerity of heart is something that He will always respond to. God wants you to live life on the reality of who He is and what He has said. Faith is what enables us to be certain that we can trust Him.

God is not against you. But He is against whatever takes His place in your heart. To love God is to make room for God in all aspects of your life. You can either live in line with God's will or you can live in opposition to it. Your love for God should be the center of anything and everything you do in life.

You need to “make room” for God in your life by providing space in your life for Him to reside. Every time you honor Him in your actions and attitudes, you create more space for Him in your life.

Making room for God in your life will always release His resurrection power in your life. When you make room for Him, it opens the door for Him to do amazing things in your life.

So go ahead....respond to God call today and radically alter some areas of your life to make more room for Him.
