

Capability Statement

"Proud to offer solutions to ensure project success"

Rock Solid Project Solutions, Inc. (RSPS) offers services to support the public and private sector projects, for owners, contractors and sub-contractors. Our construction experience in the engineering scheduling, cost, and estimating fields, for both home office and field operations makes RSPS the most qualified solution for your project. Rock Solid specializes in the management of projects focused on constructability risk, which includes sequencing of pre-construction and construction activities, proactive schedule management, performance of cost & progress, and conformance to the Contract Plans.
