

REGGIO EMILIA Illness Policy

If a child displays any of the symptoms below parents will be contacted immediately. If we cannot reach the parents, we will call one of the emergency contact numbers.

Arrangements must be made to have the **child picked up within one hour.** Your child **must not return for 24 hours** unless you have a medical excuse from a physician stating that your child is no longer contagious. Symptoms of special concern are:

- Armpit temperature of above 100 degrees
- diarrhea (2 or more) Must not return to school for 24 hours after normal BM
- vomiting
- pink eye (eye does not necessarily have to be pink but may be discharging mucus)
- head lice (all nits must be removed)

I, _____ understand the above policy and will not bring my child back for 24 hours unless I have a medical excuse from my physician.

Date _____
