^{2.4)} Please provide any additional comments you would like to convey to the instructor about YOUR performance in this class.

- Best professor
- Concepts were very understandable.
- I feel that as this course progressed my performance got better and better. At first I was not confident in the material and in the course work, I was worried about my grade. However, I began to feel more confident and more secure in my abilities as the class went on. Out of all my classes, I truly feel that I learned the most in this class because I learned so much more than the subjects we talked about in class. I know feel very confident if asked to write a paper that states an opinion and has evidence to support it because of the four commentaries that we did and the final paper. The structure was the same for all so I got to practice this type of writing a lot.
- I thought I did very well in this class and grasped all the concepts that was required of me and more.
- I thought the Professor did an amazing job keeping us engaged in this class.
- This course provided me with the materials and ideas I needed to deepen thinking and become a much better student. I succeeded in this class because of the information being taught and the assignments that challenged me to grasp a deeper understanding of the information given.

- As a finance major, professor scauso made politics really interesting and engaging! best class i ever took!
- Best professor
- Comes into class enthusiastic about his work, Its evident that he loves teaching.
Is open to having multiple dialogue in class, and is easy to meet up with for questions
- HE IS AMAZING. love the energy and passion for politics.
- My Professor was very good, and cared very deeply about his students. He also knew the material very well and taught it in a well thought out way.
- One of the best professors I've ever had; made the class extremely engaging and interesting.
- Professor Scauso is most definitely one of the best professors I have had here at Quinnipiac. He is extremely passionate about his classes and instills excitement in his students when he teaches. He is the kind of professor that doesn't focus on just getting his students to pass the exam, but helping them learn the information so they truly understand it when it comes to the test.
- Professor Scauso was one of the most helpful teachers I have had. He values students success and understanding more than anything else; he was always available to help or explain something to me. His first priority was making sure his students understand the material and even challenge it. I know I would not be where I am in my studies without Professor Scauso. This course increased my interest in taking more politics classes in the future.
- The professor was so passionate about the subject that he made me feel more interested in the subject and more inspired to learn while in class and outside of class. He constantly made himself available outside of class which was so helpful for the writing assignments and getting feedback before turning them in. He was also very clear and concise when speaking so that I wasn't confused, and if I was he made sure to check in with class and go over things that might have been confusing.
- he clearly explained and debriefed about topics

- Both provided me with deeper thinking and allowed me to gain complete understanding on all of the material.
- I felt that the class material was very interesting and relevant. Nothing we did was ever unnecessary or unhelpful towards the class.
- The material was very interesting
- The text book helped with the lessons and the midterms

- I thought this class was amazing!! would definitely recommend it to people interested in Politics.
- It was a really great course. I dont have anything bad to say about this course.
- N/a
- One of the biggest strengths of this course was the opportunity to better your grade by going to relevant lectures and doing some outside assignments. I thought that this was so helpful because I was worried about my grade after the bigger assignments and exams so it was nice to have ways to boost my grade that were also relevant towards the class. Another big strength of this class was how much our teacher cared about us succeeding and understanding the material.
- The professor was amazing, the work was appropriate for the class and furthered my learning, and I have come out of this semester with a greater foundation of knowledge with which to perceive the world around me.
- This course was one of my favorites throughout this entire semester. Professor Scauso was passionate about the information he was teaching, which provided me with the most pleasant work environment. He challenged me to further my thinking and increase my knowledge about politics.
- solid class, zero weaknesses, all strengths! really interesting course, i would recommend this class to any major.
