

November Board Meeting for Neighborhood

Our next board meeting, with the first 30 minutes open for homeowner comments at 6:30 pm, will be on Wednesday, Nov 6 at 2251 Bluebird Drive. Please email hoa@fachoa.org if you are planning on sharing your comments with us at the beginning. We'll update you via email if our timing changes.

The meeting agenda will be posted closer to November. Also, please email any agenda items to hoa@fachoa.org if you are unable to make it but would like your topic discussed.

September Yard of the Month

As the original owners of 2317 Bobwhite Lane, Scott and Zoe Midler have seen a few iterations of their landscaping. The current layout is anchored by 2 (soon to be 3!) flowering pear trees framed by carpet roses with accents of Mountains of White, Shasta Daisies, Peonies, Panchita Manzanita, Dianthus, Seafoam Artemisia, and ornamental grasses all nestled in among large grey boulders and river rock borders. In front of the large home office windows is a rounded Dwarf Colorado Spruce with a small parcel of African Daisies at its base. However, the "star of the show" is the attention-getting Limelight Hydrangea Tree directly in front of the porch. Scott and Zoe also love spending time in the arboreal oasis of their backyard. Two very mature Blaze Maples and a Pagoda Dogwood combine to create a sun-dappled canopy of leaves that provides natural shade over their back-porch pergola. A sandstone paved path winds through a garden filled with a variety of shade loving plants. In the fall, when the leaves change, they are treated to a kaleidoscope of colors. And 40+ bags of leaves! Congratulations to Scott and Zoe; Yard of the Month – September 2019.

Fall Cleanup!

It's about time to start thinking about fall cleanup. Leaves, grass clippings and any other yard waste. Please be sure that you are not blowing your leaves, clippings or any other yard waste into the street or other neighbors' yards. Not only is it not neighborly to blow your yard waste into other people's space but it is also against Longmont city code to do blow into the street.

Thanks for help keeping our neighborhood nice. Also as you clean up your yard, please pull any volunteer aspen trees are they against guidelines

Neighborhood fence

It is the growing season (once the rain stops!) and we need all the neighbors that have a fence on their side or back border to ensure there is nothing growing over, on or through the fence. Also, please make sure nothing is “leaning” against the fence, including rock, dirt or other matter. This will help us keep our fence for years to come.

Finally, if you see any damage to the fence, drop an email to maint@fachoa.org and include name, phone number, address and type of damage. Thank you!
