281 Sawyer Drive, Ste. 200
Durango, CO 81303

Our *mission* is to create opportunities for children and adults with intellectual and developmental disabilities to lead healthy and fulfilling lives within our community.

Our *vision* is of a community where all people with disabilities have the same opportunities as other community members.

Community Connections, Inc. (CCI) is one of 20 Community Centered Boards in Colorado defined by Colorado Revised Statute Title 25.5, Article 10. CCI serves five counties in Southwest Colorado and operates offices in Durango and Cortez.

Community Connections, Inc. is the only organization in Southwest Colorado providing comprehensive services to kids, families and adults with intellectual and developmental disabilities.

There is more to me than my disability.
Community Connections

"I want to learn how to do everything on my own; at one point I thought I would never be able to do anything on my own again. With CCI, I found and have proved to myself that I can do all these things and more, and even help other people find hope."
-Tyler, CCI Client

#MoreToMe

Early Intervention

Early Intervention serves children under 3 with developmental delays. We give families tools to support their child's development and participation in family life.

I am... Independent

"My family could not have made it through this last year without the support and care of Community Connections. At a time when we had no idea of what to do, they stepped in and helped us make a plan. With their help, Daven is now meeting his goals and surpassing them!"

Family Programs

The Family Support Program provides resources to families who have a member with intellectual and developmental disabilities living in the home. The Children's Medicaid Waivers provide specialized supports to eligible kids and their families.

I am... Active

"My family is so grateful for the support we receive from FSSP funding. The FSSP funds really help ease the burden of some of our daughter's needs like special foods, help with the travel we have to do to make sure she gets the care she needs, and for much needed respite. We appreciate all the hard work and time everyone puts in that is associated with FSSP."

Adult Services

Adult programs provide effective support for people to live, learn, work and play in their communities and to live the life they choose.

I am... Smart

"Throughout high school, I moved quite a bit, and with my learning disabilities, I struggled to keep up with the workload. I always wanted a profession in the medical field, but without a high school diploma, I thought that was an unattainable goal. With the encouragement and support of CCI, I have not only received my GED, but I am now studying to be a medical assistant through USU!"
