Dear Resident,

To qualify as a Community for Older Persons age 55+, under the Fair Housing Act, we must verify the age of each occupant every two years. It is also a good opportunity for us to update our records.

We have merged your information in the following document and ask that you take a moment to make any corrections or to add any additional information that may be needed. If you don't see a name or information, don't assume we have it, please add it! If your identification has not expired, we have included the type of identification, expiration and the ending numbers. If the ID fields are blank, we will need you to send a new copy of a qualifying ID for each resident along with completing the form.

We are also updating your emergency contact information and who has access to a spare key, whether it is the office, neighbor or other relationship.

Forms and copies can be returned by email, mail or dropped in the office. For your convenience, the office can provide you with a number to text your identification images.
