Dear Parents/Guardians of Middle School Students,

The middle school teachers and I have met to discuss ways in which to encourage and build cooperation, collaboration, and community among our students, across grade levels. One proposed solution was to try to find opportunities in which students from different grade levels could learn together. With grade specific curriculum, combining classes in areas such as science or social studies is nearly impossible. In addition, our existing class schedule also presents obstacles to this undertaking.

However, beginning on Monday, some of the middle school specialist classes will be combined. Being mindful of space and time, we are able to combine one specialist class per day, Monday – Thursday. It is our greatest hope that students look at this opportunity as a means for personal growth academically, socially, emotionally, and spiritually.

Thank you for your continued support of our faculty, staff, and All Saints Academy as we endeavor to prepare your students for high school and beyond.

Yours in Christ,

Joan E. Matys
