

Acupuncture Weight Loss

The reasons of overweight are various, from diseases, hormone imbalance, side effects of medications to unhealthy life style, and so on. So that, a successful program of weight loss is not as simple as only giving a restrict diet. Treating the causes of overweight is the key. Our weight loss program involves integrative acupuncture, herbal medicine and life style rebuilding, which we refer to Brain Retraining, to achieve the most positive result.

90-minute session.
