

### An Invitation to Join us in Prayer

Each month a member of the Desert View family selects a prayer topic for the team and shares some thoughts to get our work together off and running. Our united prayer supports not only Desert View, but the wider Christian Science nursing community and our global community, too. We invite you to join our prayer team.

This month Board member, George Fay, shares a message titled --

“Peace I leave with you, my peace I give unto you.” (John 14:27)

This year the continuing pandemic fears and regulations have threatened to disrupt the activities of Desert View and the Christian Science nursing community. However, nothing can stop God’s Love and provision! Through prayer and listening, the nurses and staff at Desert View have found and expanded on new ways to provide loving peace and comfort to those in need.

It would be understandable for many to overlook these efforts. However, letters of profound gratitude from those helped and their families show how effective and important this work is, and foundational to the healing ministry of Christian Science. Mrs. Eddy highlights this when she says, “The poor suffering heart needs its rightful nutriment, such as peace, patience in tribulation, and a priceless sense of the dear Father's loving-kindness.” (SH 365:31) This loving care is indeed “priceless” in assisting patient and practitioner in demonstrating the divine origin of health (see SH 150:4-8).

This month we honor the dawning of Jesus Christ, “the Prince of Peace”. Please join us in active prayer to expand our reach of Christly peace and love so needed in our community and the world today. Our efforts will bless all and assist the fulfillment of the angel promise at the birth of Jesus Christ, "Glory to God in the highest, and on earth peace, good will toward men." (Luke 2:14)

Thank you
