### 3 Basic Requirements

**1. Are you willing to partner with Habitat for Humanity?**                      Yes    No

This means that you will:

- Complete all required forms and paperwork
- Meet with Habitat representatives when requested
- If you are selected to be a partner, supply "sweat equity" (help with the construction of your home) - 400 hours would be required of a couple, 200 hours for a single applicant
- Work with a wide range of Habitat volunteers and staff that are dedicated to your success
- Be willing to live in the area where Habitat is building when you are selected
- Participate in Habitat home ownership education opportunities to insure success as a homeowner

**2. Is your current home/apartment unsatisfactory for your family?**                      Yes    No

This means that where you currently live may be one or more of the following:

- Unsafe - structural, electrical, plumbing problems
- Over crowded, too small for your family
- You pay too much for utilities
- Housing expenses are too high and use up too much of your income
- Handicap accessibility is a problem
- You currently rent and want to own your own home

**3. Will you be able to pay the monthly mortgage payments for your Habitat home?**

We want to make sure that you can meet the financial requirements of owning a Habitat home. There is much more information needed to accurately determine that, but for now, just provide your total household income from ALL sources:

- Total Household Income from ALL sources \$ \_\_\_\_\_
- What is the total number of people that would be living in the home?    1   2   3   4   5   6   7   8

**Simply complete the information and questions above and make sure this form gets to the Habitat office. Someone will contact you to answer any question that you may have and get a little more information.**
