.....  
The Village Hall is accessible to the handicapped. If you require additional assistance, please contact the village office no later than 48 hours prior to the meeting date. Phone 608-429-3121. If members are present from other recognized Boards, Commissions or Committees which may constitute a quorum, the meeting is presumed to be for the above-stated agenda/purpose. An updated agenda may be posted 24 hours before meeting time.

Sec. 32-158. - Parking restricted in specified areas.

- (a) No person shall park any motor vehicle, motorcycle, horse-drawn vehicle or any other vehicle on Oak Street from East Chestnut Street to the intersection with LaFollette Street, and from LaFollette Street between the intersection with Oak Street and Sanborn Street.
- (b) No vehicle shall be permitted to park on the south side of West Chestnut Street or County Trunk Highway P for a distance of 225 feet west of the west line of the intersection of West Chestnut Street and Main Street or State Trunk Highway 22.
- (c) No vehicle shall be permitted to park on the west side of South Main Street or State Trunk Highway 22, from the south line of the intersection of South Main and West Chestnut Street, a distance of 200 feet.
- (d) A loading/unloading zone 125 feet from the intersection of Sanborn Street east on East Chestnut Street.
- (e) No vehicle shall be permitted to park on Lake Street from the intersection of Second Street west to Main Street and Main Street from the village parking lot on North Main Street south to the intersection with Chestnut Street between the hours of 2:30 a.m. to 6:00 a.m.
- (f) No person shall park any automobile, motorcycle or other similar vehicle for more than two hours during the hours of 6:00 a.m. to 6:00 p.m. daily except Sundays and Holidays, between the intersection of Chestnut and Main Street, to the hydro generating plant at 211 N. Main Street and between the intersection of Lake Street and Main Street east to the corner of Second Street and Lake Street.

(Code 1986, § 8-1-8(f))

Sec. 32-153. - Winter parking restrictions.

- (a) No person shall park a motor vehicle, trailer, or similar vehicle on any streets in the village between 1:00 a.m. and 6:00 a.m., from November 15 to April 1, of each year, except that vehicles may be parked on the even house-numbered (north and east directions) sides of the streets between 1:00 a.m. and 6:00 a.m. on even-numbered days of the month, and on odd house-numbered (south and west) sides of the street on odd-numbered days of the month. The odd- or even-numbered days shall be that day which the car was standing on the street, between 1:00 a.m. and 6:00 a.m.
- (b) For the purpose of this subsection, the term "parking" means leaving a vehicle or permitting a vehicle to remain on the street, unattended, but shall not include the temporary stopping of:
  - (1) A vehicle by a doctor making a house call;
  - (2) Business vehicles being used for deliveries or pick-ups during these hours, whose motor is running;
  - (3) Police, fire or other emergency vehicles so marked.

(Code 1986, § 8-1-4(c))

Sec. 32-155. - Parking during a snow emergency.

- (a) No person shall park, place or leave standing any automobile, truck or other vehicle on any street or public way except in the downtown business district and any vehicles over 10,000 pounds are exempt from parking on the east side of Gillette Street in the 300 and 400 blocks per village signage.
- (b) A snow emergency exists during and following a snow storm when the depth of the snow reaches an amount of three inches or more during any period of 24 hours or less. Such an emergency is declared to be a serious public hazard impairing transportation and public health, safety and welfare for a period of 24 hours after the snow has ceased to fall.
- (c) A snow emergency will be considered to exist under this subsection when a snow fall as described above is forecast by the National Weather Service.
- (d) This section supersedes any other conflicting provision of this Code.

(Code 1986, § 8-1-7(a))

Sec. 58-160. - Off-street parking restrictions in residential areas.

- (a) Where permitted. Unless the district regulations provide otherwise, off-street vehicle parking is permitted in the following yards of property in a residentially zoned district:
- (1) A rear yard.
  - (2) A side yard not adjoining a street.
  - (3) A front yard:
    - a. On one paved or graveled driveway parked not nearer than five feet to a front property line or three feet to a side lot line.
    - b. On a front yard not nearer than five feet to a front property line or three feet to a side lot line for the purpose to advertise the sale of a vehicle that is legally registered to a resident of the property; the sale vehicle may be parked in the front yard no longer than 14 days.
- (b) Regardless of the provisions of subsection (a) of this section, the plan commission may permit off-street vehicle parking in any yard of a residential development where the overall housing plan and design for such development, in the judgment of the plan commission, is substantially improved thereby, as compared to where off-street parking is limited by subsection (a) of this section, and where sole access from such development is to local and collector streets. In this section, the term "substantially improved" means a substantial increase in the value of the property. Such permission shall be granted only after proceeding under article III of this chapter. No such permission shall be granted for any residential development which is adjacent to either a public right-of-way or other residences unless sufficient and suitable screening is provided so as to prevent, to as great a degree as practicable, direct view of such off-street parking areas from such adjacent areas.
- (c) Vehicle limitations.
- (1) In a residential district, accessory off-street parking facilities provided for uses listed herein shall be solely for the parking of vehicles of patrons, occupants or employees and not more than one truck limited to five tons or less capacity. Three licensed vehicles may be parked on the rear or side yard of a residential lot. Vehicles are limited in size to a maximum one ton capacity. Vehicles parked on a residential lot shall be in condition for safe and effective performance of the function for which they are designed.
  - (2) All motor vehicles parked on a residential lot shall display current license plates.

(Code 1986, § 10-1-65)
