I have been asked to curate an art show once a month in a beautiful 3000sqft space in Nixa. The first show will take place in mid Oct. I am looking for artists interested in showing their work. The space is being equipped with a hanging system to accommodate all size art. I am looking for both 2D and 3D submissions. The first 2 shows in Oct. and Nov. will be open to all artists (space is limited and the show will need to be cohesive) after that...the shows will be juried and themed. Anyone interested or that have questions can email me at this address. This is a great opportunity to have work seen and sold in a new market. Please pass this on to other artists.
