## About this segment Middleburg

This is the  
**#1**  
dominant segment  
for this area

In this area  
**69.9%**  
of households fall  
into this segment

In the United States  
**2.8%**  
of households fall  
into this segment

### An overview of who makes up this segment across the United States

#### Who We Are

Middleburg neighborhoods transformed from the easy pace of country living to semi-rural subdivisions in the last decade, when the housing boom reached out. Residents are conservative, family-oriented consumers. Still more country than rock and roll, they are thrifty but willing to carry some debt and are already investing in their futures. They rely on their smartphones and mobile devices to stay in touch and pride themselves on their expertise. They prefer to buy American and travel in the U.S. This market is younger but growing in size and assets.

#### Our Neighborhood

- Semi-rural locales within metropolitan areas.
- Neighborhoods changed rapidly in the previous decade with the addition of new single-family homes.
- Include a number of mobile homes.
- Affordable housing, median value of \$158,000 with a low vacancy rate.
- Young couples, many with children; average household size is 2.73.

#### Socioeconomic Traits

- Education: 66% with a high school diploma or some college.
- Unemployment rate lower at 7.4%.
- Labor force participation typical of a younger population at 66.7%.
- Traditional values are the norm here—faith, country and family.
- Prefer to buy American and for a good price.
- Comfortable with the latest in technology, for convenience (online banking or saving money on landlines) and entertainment.

#### Market Profile

- Residents are partial to trucks, SUVs, and occasionally, convertibles or motorcycles.
- Entertainment is primarily family-oriented, TV and movie rentals or theme parks and family restaurants.
- Spending priorities also focus on family (children's toys and apparel) or home DIY projects.
- Sports include hunting, target shooting, bowling and baseball.
- TV and magazines provide entertainment and information.
- Media preferences include country and Christian channels.

The demographic segmentation shown here can help you understand the lifestyles and life stages of consumers in a market. Data provider Esri classifies U.S. residential neighborhoods into 67 unique market segments based on socioeconomic and demographic characteristics. Data Source: Esri 2016. Update Frequency: Annually.

## About this segment Green Acres

This is the

**#2**

dominant segment  
for this area

In this area

**15.4%**

of households fall  
into this segment

In the United States

**3.2%**

of households fall  
into this segment

### An overview of who makes up this segment across the United States

#### Who We Are

The Green Acres lifestyle features country living and self-reliance. They are avid do-it-yourselfers, maintaining and remodeling their homes, with all the necessary power tools to accomplish the jobs. Gardening, especially growing vegetables, is also a priority, again with the right tools, tillers, tractors and riding mowers. Outdoor living also features a variety of sports: hunting and fishing, motorcycling, hiking and camping, and even golf. Self-described conservatives, residents of Green Acres remain pessimistic about the near future yet are heavily invested in it.

#### Our Neighborhood

- Rural enclaves in metropolitan areas, primarily (not exclusively) older homes with acreage; new housing growth in
- the past 10 years.
- Single-family, owner-occupied housing, with a median value of \$197,000.
- An older market, primarily married couples, most with no children.

#### Socioeconomic Traits

- Education: 60% are college educated.
- Unemployment is low at 6%; labor force participation rate is high at 67.4%.
- Income is derived not only from wages and salaries but also from self-employment (more than 15% of households), investments (30% of households), and increasingly, from retirement.
- They are cautious consumers with a focus on quality and durability.
- Comfortable with technology, more as a tool than a trend: banking or paying bills online is convenient; but the Internet is not viewed as entertainment.
- Economic outlook is professed as pessimistic, but consumers are comfortable with debt, primarily as home and auto loans, and investments.

#### Market Profile

- Purchasing choices reflect Green Acres residents country life, including a variety of vehicles from trucks and SUVs to ATVs and motorcycles, preferably late model.
- Homeowners favor DIY home improvement projects and gardening.
- Media of choice are provided by satellite service, radio and television, also with an emphasis on country and home and garden.
- Green Acres residents pursue physical fitness vigorously, from working out on home exercise equipment to playing a variety of sports.
- Residents are active in their communities and a variety of social organizations, from fraternal orders to veterans' clubs.

The demographic segmentation shown here can help you understand the lifestyles and life stages of consumers in a market. ## About this segment Soccer Moms

This is the  
**#3**  
dominant segment  
for this area

In this area  
**12.0%**  
of households fall  
into this segment

In the United States  
**2.8%**  
of households fall  
into this segment

### An overview of who makes up this segment across the United States

#### Who We Are

Soccer Moms is an affluent, family-oriented market with a country flavor. Residents are partial to new housing away from the bustle of the city but close enough to commute to professional job centers. Life in this suburban wilderness offsets the hectic pace of two working parents with growing children. They favor time-saving devices, like banking online or housekeeping services, and family-oriented pursuits.

#### Our Neighborhood

- Soccer Moms residents prefer the suburban periphery of metropolitan areas.
- Predominantly single family, homes are in newer neighborhoods, 36% built in the 1990s, 31% built since 2000.
- Owner-occupied homes have high rate of mortgages at 74%, and low rate vacancy at 5%.
- Median home value is \$226,000.
- Most households are married couples with children; average household size is 2.96.
- Most households have 2 or 3 vehicles; long travel time to work including a disproportionate number commuting from a different county

#### Market Profile

- Most households own at least two vehicles; the most popular types are minivans and SUVs.
- Family-oriented purchases and activities dominate, like 4+ televisions, movie purchases or rentals, children's apparel and toys, and visits to theme parks or zoos.
- Outdoor activities and sports are characteristic of life in the suburban periphery, like bicycling, jogging, golfing, boating, and target shooting.
- Home maintenance services are frequently contracted, but these families also like their gardens and own the tools for minor upkeep, like riding mowers and tillers.

#### Socioeconomic Traits

- Education: 37.7% college graduates; more than 70% with some college education.
- Low unemployment at 5.9%; high labor force participation rate at 72%; 2 out of 3 households include 2+ workers.
- Connected, with a host of wireless devices from iPods to tablets—anything that enables convenience, like banking, paying bills or even shopping online.
- Well insured and invested in a range of funds, from savings accounts or bonds to stocks.
- Carry a higher level of debt, including first and second mortgages and auto loans

The demographic segmentation shown here can help you understand the lifestyles and life stages of consumers in a market. ## About this segment

# Silver and Gold

This is the  
**#4**  
dominant segment  
for this area

In this area  
**2.7%**  
of households fall  
into this segment

In the United States  
**0.8%**  
of households fall  
into this segment

## An overview of who makes up this segment across the United States

### Who We Are

Silver and Gold is almost the oldest senior market (second to The Elders). The difference of 10 years in median age between the markets reveals a socioeconomic difference: The younger market is the most affluent senior market and is still growing. The affluence of Silver and Gold has afforded the opportunity to retire to sunnier climates that feature exclusive communities and vacation homes. These consumers have the free time, stamina and resources to enjoy the good life.

### Our Neighborhood

- Residents of Silver and Gold prefer a more bucolic setting, but close to metropolitan cities.
- Predominantly single-family, owneroccupied homes that have a median value of \$289,000.
- Neighborhoods include seasonal or vacation homes, reflected in the high vacancy rate of 35%.
- Mostly older married couples with no children, average household size is 2.02.

### Socioeconomic Traits

- Well-educated seniors, 44% have college degree(s).
- Primarily retired, but many still active in the labor force, participation rate of 41%.
- Low unemployment at 7.2%; with self-employment highest among all segments.
- More than half of the households with income from wages/salaries, Social Security or investments, many drawing retirement income.
- Connected, but primarily to get news and track investments, more likely to own an e-reader or tablet than a smartphone.

### Market Profile

- Partial to luxury cars or SUVs; highest demand market for convertibles.
- Active seniors that maintain a regular exercise regimen and pay attention to healthier eating habits.
- Pursue the luxuries that well-funded retirement affords: an active social life, travel, hobbies, and sports (especially golf and boating) and liberal use of home maintenance services to minimize chores.
- Avid readers of newspapers, magazines (sports and travel) and books (audio, e-readers or tablets).
- Generous supporters of charitable organizations.

## Navarre, FL 32566 Saved Area: Home Value Comparison

### Median Estimated Home Value

This chart displays property estimates for an area and a subject property, where one has been selected. Estimated home values are generated by a valuation model and are not formal appraisals.

Data Source: Valuation calculations based on public records and MLS sources where licensed

Update Frequency: Monthly

### 12-Month Change in Median Estimated Home Value

This chart shows the 12-month change in the estimated value of all homes in this area, the county and the state. Estimated home values are generated by a valuation model and are not formal appraisals.

Data Source: Valuation calculations based on public records and MLS sources where licensed

Update Frequency: Monthly

## Best Retail Businesses

This chart shows the types of businesses that consumers are leaving an area to find. The business types represented by blue bars are relatively scarce in the area, so consumers go elsewhere to have their needs met. The beige business types are relatively plentiful in the area, meaning there are existing competitors for the dollars that consumers spend in these categories.

Data Source: Retail Marketplace via Esri, 2016

Update Frequency: Annually

## About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.
- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

## About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records and RealtyTrac.
- **Market conditions and forecasts** based on listing and public records data.
- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- **School data and reviews** from GreatSchools.
- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

## Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
