Dear L.C.F.,

Thank you so much for everything you have done for me. I never thought this program would come this far and be an impact in a lot of people's lives, by just starting with a small idea. It's unbelievable to see myself growing up from a shy 6th grade girl, to a young woman. I have traveled to places I don't think I would have gone, met new and inspiring people. I've also volunteered for many organizations and my community which is one of my favorite things to do. One of the things I didn't like was giving speeches or public speaking, but come to think about it, it has helped me become who I am by being more confident and less scared or nervous. I am very thankful to all those who supported me. I am very grateful for having people like you in my life. I will never forget any of you where ever I go. I have made wonderful memories with you all that I will treasure forever.

Once again, thank you so very much for all of your support and also helping me become who I am today. May God bless you all.

Love,

Regina Nyanfor
