Call to order	Meeting was called to order by Dr. Clark
Projects	Discussed need to identify projects that would not be covered by FAP. Discussed opportunities to get more services to apply for FAP.
MCI classes and kits	<p>Michael has done several MCI/MPI classes. Seem to have been well received. Will promote more for Fall/Winter and try to get other instructors involved.</p> <p>Group agreed to offer the triage ribbon kits to ambulance services, 1 kit per stocked/in-service ambulance.</p> <p>Discussion around conflicting ribbon recommendations around black vs gray vs checkered/striped/zebra. Gray ribbon is not common so RTAC purchased checkered. (NAR now has grey ribbon available.) Some MCI trainings have mentioned using Zebra in place of Black related to perceived implications of Black ribbon.</p> <ul style="list-style-type: none">• Will need to discuss further at next meeting and make recommendations for the region.
Fall referral worksheet	<p>Discussed use of the fall referral worksheet. Amherst would like to continue using the JotForm for the time being.</p> <p>Option in WARDS but individual services needs to active and develop process with local ARDC or similar to "transmit" the referral worksheet to them</p>
DMIST	Still waiting for an updated version of the video.
